

3rd EURO-GLOBAL SUMMIT ON

ADVANCES IN CLINICAL AND CELLULAR IMMUNOLOGY

September 25-26, 2025 | Berlin, Germany

Theme:

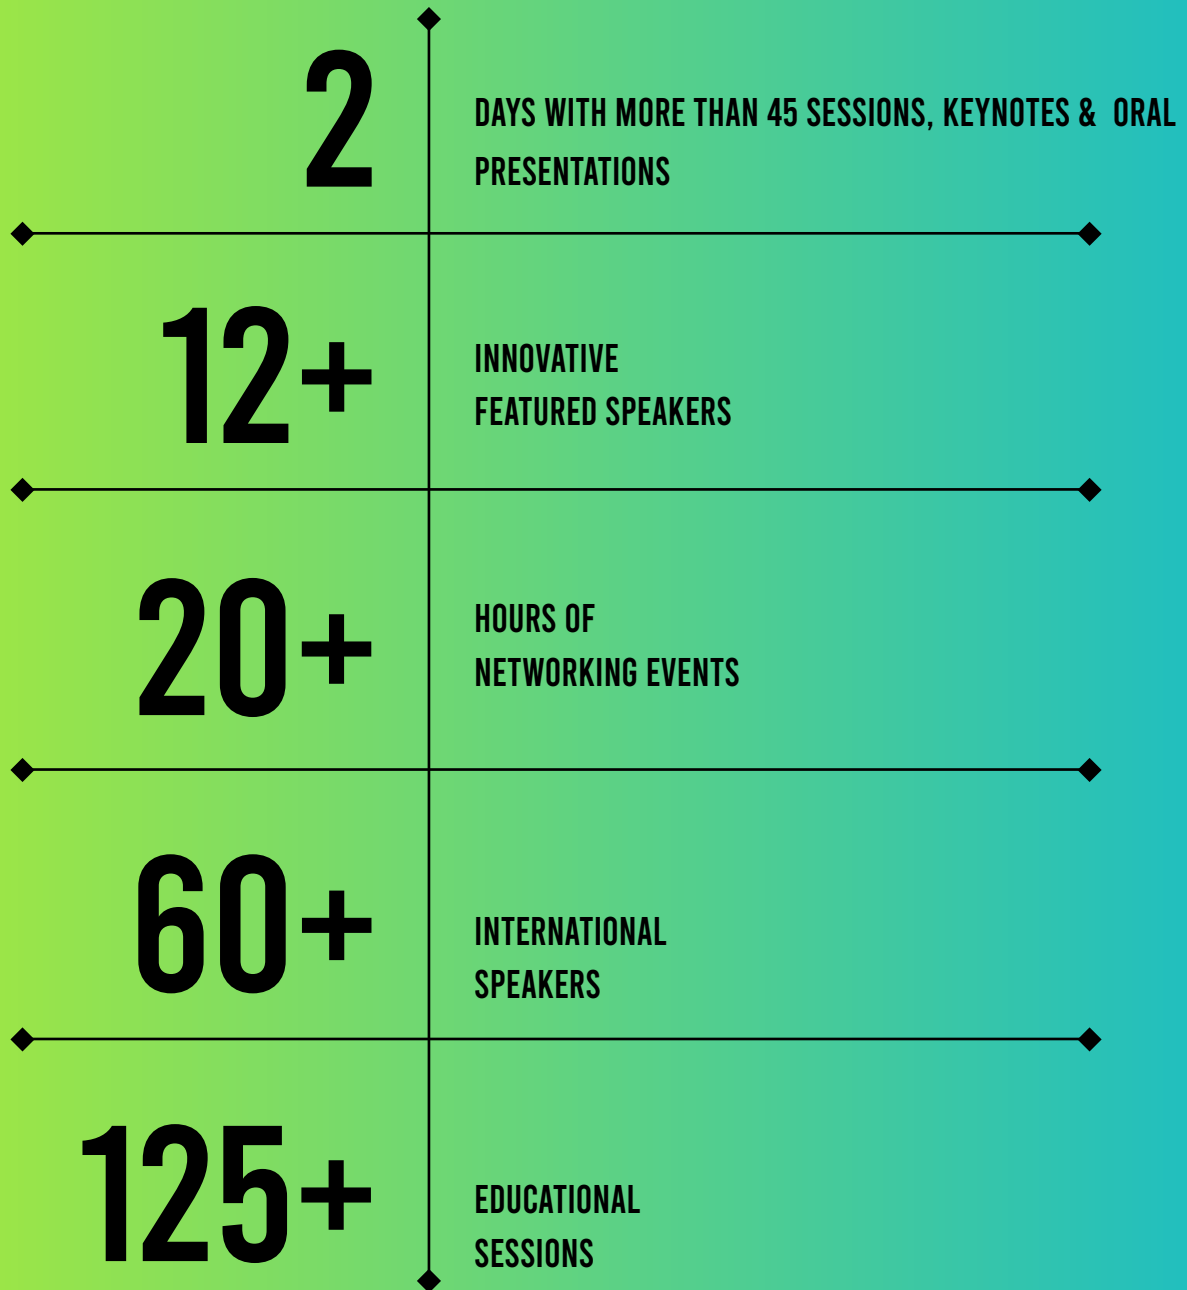

Redefining Immunity: Cellular Therapies and Next-Generation Vaccines for a Healthier World

Sub-themes:

- Advances in CAR-T Cell Therapy
- Immune Checkpoint Inhibitors and Cancer Immunotherapy
- Immunogenomics and Personalized Medicine
- Immunotherapy in Infectious Diseases
- CRISPR-Based Immune Engineering
- Novel Vaccines: mRNA and Beyond
- Immunometabolism: Linking Metabolism and Immune Function
- Stem Cell-Based Immunotherapy
- Single-Cell RNA Sequencing (scRNA-seq)
- Immunosenescence and Aging
- Artificial Intelligence (AI) and Machine Learning in Immunology

ADV. IMMUNOLOGY 2025

<https://future-immunology.peersalleyconferences.com/>

WHO SHOULD ATTEND?

WELCOME MESSAGE

Jacki Kornbluth

Saint Louis University, St. Louis VA Healthcare System, USA

Dear Colleagues:

It is our great pleasure to invite you to attend the [3rd Euro-Global Summit on Advances in Clinical and Cellular Immunology](#) which will be held [September 25-26, 2025](#), in Berlin, Germany. Berlin is an exciting city, known for its numerous cultural institutions and vibrant nightlife and entertainment.

As a participant in the 2024 Euro-Global Summit on Advances in Clinical and Cellular Immunology, I found this meeting to be unique and educational, bringing together investigators from across the globe to share their latest findings. There was ample opportunity for questions and discussions, and most importantly, for the development of global collaborations.

I am looking forward to the next conference in Berlin. I am confident that this will contribute to your professional development and enable you to build new collaborations. I encourage you to join me in attending this conference in 2025.

Dear Colleagues

It is a great pleasure, honor and privilege to invite you to the [3rd Euro-Global Summit on Advances in Clinical and Cellular Immunology](#), which will be held on [September 25-26, 2025](#), in the amazing [Berlin, Germany](#).

I'd like to thank each of the participants for attending the conference [adv](#), Immunology 2024, during the experts from diferents contries of the world. I am infinitely grateful for the invitation to participate in this event, it was an enriching experience and a wonderful challenge. The quality of the presentations was excellent, the speakers were very knowledgeable about the topics and the great experience was evident. It is definitely a space that encourages professional development in the clinical field of immunology.

I am looking forward to interacting with all of you at this outstanding conference in Berlin, 2025.

With best regards,
Cynthia L. Ruiz B

Cynthia Lizbeth Ruiz Bugarin

DCE, Nursing Professor,
Autonomous University of Baja California, Mexico

WELCOME MESSAGE

Kareem Awad, PhD

Ruprecht-Karls University of Heidelberg, Germany
InFLAMES Research Flagship associate, University of Turku, Finland

Dear Colleagues, Researchers, Immunologists and Health Care Professionals,

It is our honor to respectfully invite you to the **3rd Euro Global Summit on Advances in Clinical and Cellular Immunology (Adv. Immunology 2025)** that will be held in **September 25-26, 2025** in **Berlin, Germany**.

During the successful implementation of **Adv. Immunology 2023** in London and 2024 in Barcelona, clinical and experimental immunologists worldwide met for an optimistic future raising hands for creativity, productivity, innovation, digitalization, research seniority and networking to advance immunology and health research with focus on human wellbeing and partnerships to achieve our common goals. World experts and high ranked researchers agreed on novelty and seniority that should be led by immunologists' freedom to develop ideas crossing all borders to cut the current knowledge and advance medicine for the benefits of patients, clinic and pharmaceutical research.

Berlin, the city where freedom of speech, art and science, and research is constitutively protected (GG article 5.3.), is inviting you to speak, present and freely share ideas with your peers. Themes of **Adv. Immunology 2025**, will focus on cellular and clinical immunology, immunotherapy, vaccines, infection immunology, signal transduction, trained immunity and the application of digitalization, tele-medicine and artificial intelligence in clinical immunology practice and theoretical research. Advances in personalized therapies, cutting-age remedies and debating theories are welcome.

Our invitations and presentation slots will not be limited to high ranked scientists and distinguished speakers but also extend to brilliant young investigators with proven high impact research. We strongly believe and will work to provide an opportunity for valuable insights, interaction, fruitful discussions and professional continuation. We will be delighted having you and developing new memorable experiences in Berlin 2025.

I am looking forward to seeing you soon for the 3rd Adv. Immunology in the capital of Germany in September, 2025.

Best regards,
Kareem Awad

PRESENTATION FORUM

KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

STUDENT FORUM

POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

EDUCATIONAL WORKSHOPS/RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

CONCURRENT EDUCATIONAL SESSIONS

THURSDAY - SEPTEMBER 25, 2025

- Autoimmunity
- Immune Mechanisms

- Cancer Immunology
- Immunotherapy
- Epidemiology

GROUP PHOTO | COFFEE BREAK

- Immunological Techniques
- Immunology

- Immunology of Infectious Diseases
- Immunotherapy

LUNCH BREAK

- Immunotoxicology
- Neuroimmunology

- Parasite Immunology
- Pediatric Immunology

COFFEE BREAK

- Immune System
- Immunodeficiency

- Immunogenetics
- Immunoinformatics

CONCURRENT EDUCATIONAL SESSIONS

FRIDAY - SEPTEMBER 26, 2025

- Reproductive Immunology
- Transplantation Immunology

- Reproductive Immunology
- Transplantation Immunology

GROUP PHOTO | COFFEE BREAK

- Antigen Processing and Presentation
- Inflammation

- Translational Immunology
- Cytokines and Chemokines

LUNCH BREAK

- Hematopoiesis and Immune System Development
- Hypersensitivity, Asthma, and Allergic Responses

- Immunology Education
- Innate Immune Responses and Host Defense

COFFEE BREAK

- Vaccines and Immunotherapy
- Technological Innovations in Immunology

- Microbial, Parasitic, and Fungal Immunology

SPEAKER'S TESTIMONIALS

BARCELONA

SEPTEMBER 23-24

ADV. IMMUNOLOGY 2024

<https://future-immunology.peersalleyconferences.com/>

TESTIMONIALS

I enjoyed the Adv. Immunology 2024 conference and was happy to act as moderator on the first day. It was a pleasure working with the chairman Dr. Jacques Pouyssegur and I appreciate the wonderful and unexpected gift!

JACKI KORNBLOTH

SAINT LOUIS UNIVERSITY, ST. LOUIS VA HEALTHCARE SYSTEM, USA

I enjoyed the talk at Adv. Immunology 2024 conference. Most of the presentation and meeting many colleagues in Barcelona. Congratulations!

JIRI MESTECKY

UNIVERSITY OF ALABAMA BIRMINGHAM, USA

I truly enjoyed participating at Adv. Immunology 2024 conference.

I found that the quality of the presentations varied.

Several presentations were meaningful to my project, which I greatly appreciated.

KAZUKO SHIBUYA

UNIVERSITY OF TSUKUBA, JAPAN

TESTIMONIALS

Thank you for your organization.

I have enjoyed the talks at Adv. Immunology 2024 conference in Barcelona.

KAZUYUKI YOSHIZAKI

UNIVERSITY OF MONTANA WESTERN, USA

I did not get the opportunity to listen to most of the talks. However, at Adv. Immunology 2024, the ones that I did were great. Diverse speakers with diverse areas of expertise-great choice of speakers by Peers Alley Media, Canada.

RAJINDRA PRASAD ARYAL

HARVARD MEDICAL SCHOOL, USA

The quality of individual talks at Adv. Immunology 2024 was good and informative. All the speakers seem well qualified and knowledgeable.

SANGHYUN (PETER) KIM

NATIONAL CANCER INSTITUTE, USA

The quality of talks at Adv. Immunology 2024 was very good and one talk was excellent.

Some of the talks were very though provoking and thinking about the clinical implications.

LAWRENCE H BRENT

TEMPLE UNIVERSITY HOSPITAL, USA

I am infinitely grateful for the invitation to participate in this event, it was an enriching experience and a wonderful challenge. The quality of talks at Adv. Immunology 2024 was excellent, the speakers were very knowledgeable about the topics and the great experience was evident. It is definitely a space that encourages professional development in the clinical field of immunology. I think Peers Alley Media did an excellent job in selecting the speakers, without a doubt an experience that I will repeat. I will be attentive to the new call.

MIRZA KOVACEVIC

UNIVERSIDAD AUTÓNOMA DE BAJA CALIFORNIA, MÉXICO

Thank you, Peers Alley Media, Canada for organizing the 2nd Euro-Global Summit on Advances in Clinical and Cellular Immunology (Adv. Immunology 2024). All presented talks were of good quality and good selection of highly reputed scientists as well as some selection of high ranked young investigators. Thus, exchange of knowledge has been always wonderful. For me personally, this was my second time presenting in Adv. Immunology and talking on my new findings on TGFbeta biology in human macrophages during diabetes and influenza infection. I felt myself as stimulator to other qualified peers and succeeded to build a good network of possible future collaborators worldwide. I wish you all success and keeping actively organizing such important conference.

KAREEM AWAD

UNIVERSITY OF TURKU, FINLAND

The quality of talks at Adv. Immunology 2024 was very good in general.

It was very interesting to meet researchers interested in our work.

MARCELA NILDA GARCIA

UNIVERSIDAD NACIONAL DE LA PLATA (UNLP), ARGENTINA

In my opinion the quality of talks at Adv. Immunology 2024 were updated and to the point.

RAHMA ELZIATY

AIN SHAMS UNIVERSITY, EGYPT

The Adv. Immunology 2024 Congress was held in Barcelona with high-quality presentations from experts in the field of immunology.

Participants had the opportunity to learn about the latest research results, participate in high-level discussions and refine their ideas.

In summary, participating in the Adv. Immunology 2024 Congress can significantly contribute to your professional development by fostering learning, collaboration, and networking within the immunology community.

The speakers they invite are experts in their respective fields, often with significant academic or professional experience.

Overall, Peers Alley Media does an excellent job of organizing events that foster knowledge sharing and networking among professionals, scholars, and young researchers. Their commitment to bringing together distinguished speakers and creating a platform for the exchange of ideas demonstrates their dedication to promoting innovation and advancement in various disciplines.

AREZOO FARIDZADEH

MASHHAD UNIVERSITY OF MEDICAL SCIENCES, IRAN

Excellent quality of talks from Japan, USA, EU Canada, at Future Virology 2024. It contributes excellent for my professional development even for a just retired scientist.

Great speakers from US, EU Japan and EXCELLENT coverage of the meeting organization as well as excellence in booklets!!

Congratulations Annie!!!

JACQUES POUYSSEGUR

UNIVERSITY CÔTE D'AZUR, FRANCE; SCIENTIFIC CENTER, MONACO

Given the wide spectra of covered topics, the quality of talks at Future Virology 2024 was good. For the next event, I would suggest focusing on viral immunology issues related to human medical virology. I established useful contacts that may lead to future collaboration.

You did an excellent job organizing the event and selecting speakers.

MICHAEL I BUKRINSKY

THE GEORGE WASHINGTON UNIVERSITY SCHOOL OF MEDICINE AND HEALTH SCIENCES, USA

The quality of the talks at Future Virology 2024 were good. Since my subject material was so different than the other presentations, there was not a lot I was able to gain from the other talks that I could apply to my own work. However, speaker selection was fine. In the future, a little bit more focus on subtopics would be helpful so that talks would complement each other better.

MARK A. FEITELSON

TEMPLE UNIVERSITY, USA

The quality of talks at Future Virology 2024 was excellent, all speakers were edge experts in the presented topic, and the talks themselves were very interesting and enriching, at least to me, and I think for everybody as there were a good number of questions in most of them reaffirming the interest of the audience.

I am veterinarian and epidemiologist working with epizootic outbreaks of animals and zoonotic diseases, so many of the talks were not directly related to my area of work, but they were very interesting for my personal domain. The few talks on animal health topics were very interesting and I made good contacts with all of them that will be explored for further communication between us.

I would like to applause specially the one health approach considered in the talk selection which contribute to the practical implementation of this important concept bringing together human and animal health along with research.

GERMAN CACERES GARRIDO

MINISTRY OF AGRICULTURE, FISHERIES AND FOOD (MAPA), SPAIN

The Quality of talks at Future Virology 2024 was very hard!
New ideas for the research and possibilities to create new collaboration groups.

FILOMENA FIORITO

UNIVERSITY OF NAPLES FEDERICO II, ITALY

The quality of talks at Future Virology 2024 was commendable, with speakers delivering insightful and current information.

As my major is biophysics, the conference had a moderate impact on my development.

Peers Alley Media did an excellent job in managing the event and selecting thought-provoking speakers.

NOHA ALI SALEH

IMAM ABDULRAHMAN BIN FAISAL UNIVERSITY, SAUDI ARABIA

Very high-quality of talks at Future Virology 2024.

JOHN PAUL BEN SILANG

DIRECTOR OF NURSING RESEARCH, HAMAD MEDICAL CORPORATION, QATAR

The Future Virology 2024 talks are high quality, very good.

VLADIMIR KURČUBIĆ

UNIVERSITY OF KRAGUJEVAC, SERBIA

Everything was excellent at Future Virology 2024 conference! The level of scientific works by the professors from all over the world, was very good!

The knowledge was really updated!

About Peere Alley Media I am very thankful for such organizations of conferences! Very correct group and with high standards!

NOHA ALI SALEH

IMAM ABDULRAHMAN BIN FAISAL UNIVERSITY, SAUDI ARABIA

I would like to express my appreciation for the exceptional quality of organization at Future Virology 2024. Everything was executed flawlessly, contributing to a seamless experience for all attendees. The talks were not only well-structured but also incredibly engaging, showcasing a range of innovative ideas and research that sparked meaningful discussions. Each presentation offered valuable insights that I found both intriguing and thought-provoking.

Overall, I would definitely regard this event as a significant opportunity for my professional development. The knowledge and perspectives gained from the speakers will undoubtedly aid me in my career. I sincerely thank everyone involved for creating such a remarkable experience.

DENADA KRESHPAJ

UNIVERSITY OF VLORE "ISMAIL QEMALI", ALBANIA

My experience at 2nd Global Virology Congress (Future Virology 2024) was by far the best experience.

I am impressed by the quality of the presentations and the variety of topics.

Studies provided new and important data's that complete our knowledge and influence new ideas for further studies. Also, an interesting part was the discussion between presentations, triggered by the appropriate selection of topics.

DEONA TARAJ

UNIVERSITY OF VLORE "ISMAIL QEMALI", ALBANIA

I am appreciating the wonderful event Future Virology 2024. This is not easy from various academic and professional experts from different countries through virtually.

The selection of speakers is well from different field of application and it was useful and gaining knowledge about different application.

I gained knowledge from some new fields and technology and it will be useful for our research. Really Peers Ally Media made successful of conference and support to the participants.

RAMALINGAM BALASUBRAMANIYAN

ICMR-VECTOR CONTROL RESEARCH CENTRE, INDIA

I really appreciate the selected speakers and the research presentations were helpful. I am thankful for inviting me and I too participated and presented my work at Future Virology 2024.

KRISHNAVENI R

VIJAYANAGARA SRI KRISHNADEVARAYA UNIVERSITY, INDIA

SPEAKER'S TESTIMONIALS

ADV. IMMUNOLOGY 2023

<https://advanced-immunology.peersalleyconferences.com/>

Testimonials

Michael Bukrinsky

The George Washington University, USA

The talks of Future Virology 2023 were very interesting and the topics covered a very wide area of knowledge.

I am at the advanced stage of my career, when further development can be only incremental. But I learned some interesting new facts and approaches. I am not sure I will be able to use them in my studies, but I will mention them in my lectures to students.

The talks were very interesting, and the speakers did a good job.

Muhammad Ashraf Khan

Elementary and Secondary Education Department, Pakistan

The event Future Virology 2023 works well by introducing myself, my research work, and new findings and contributing to the existing knowledge of the world.

Peers Alley Media, Canada did a good job.

Mousa Qatawneh

Queen Rania children's Hospital, Jordan

Greetings.

Thank you for the outstanding conference. The quality of talks was very high. It increased our knowledge regarding the last updates in the medical field.

The event was great.

Jacques Pouyssegur

University Cote d Azur, France

First CONGRATULATIONs to bring this meeting to a great success considering the competition in the VIROLOGY topic.

The format of 20 minutes well respected talks was good and personally I appreciated the variety of topics as well as the quality of the presentations and above all the quality of the Abstract Booklet.

I was not able to assist to all talks and some were absolutely outstanding like the one of Alfredo Berzal-Herranz from Spain. I will certainly invite him for a seminar in our Institute in Nice.

Again, THANK you so much ANNIE for the high quality of this event.

Testimonials

Sabin KC

Gandaki Medical College, Nepal

Greetings!

It was a wonderful time with you all. I would like to thank global virology congress for giving me this opportunity.

Ikuma Kasuga

Tokyo Medical University, Japan

I enjoyed the meeting.

The content, program plan and speakers selection were all excellent.

Thank you very much for your perfect job, and all the best!

Alberto E Munoz

Universidad de Buenos Aires, Argentina

The quality of the presentations at Adv. Immunology 2023 were very good.

Peers Alley Media, Canada did a good job in the selection of speakers.

Michael Kolman

Advocate Lutheran General Hospital, USA

Thank you for the opportunity!

The quality of talks at the conference was great. I felt like I learned a lot regarding a multitude of immunology topics. I do think that this was a great experience and will look very good on my CV!

Testimonials

Silvia Anett Meja Rodriguez

Proderma, El Salvador

The quality of the talks were very good and impressive. The event did contribute a lot to my professional development and enhanced my curriculum. And yes Peers Alley Media did a good job giving instruction that were helpful for the presentation and information in general.

Mousa Qatawneh

Queen Rania children's Hospital, Jordan

Greetings.

Thank you for the outstanding conference. The quality of talks was very high. It increased our knowledge regarding the last updates in the medical field.

The event was great.
