

5TH EURO-GLOBAL SUMMIT ON

FUTURE OF BIOLOGICS AND BIOSIMILARS

October 21-22, 2024 | London, UK

Theme:

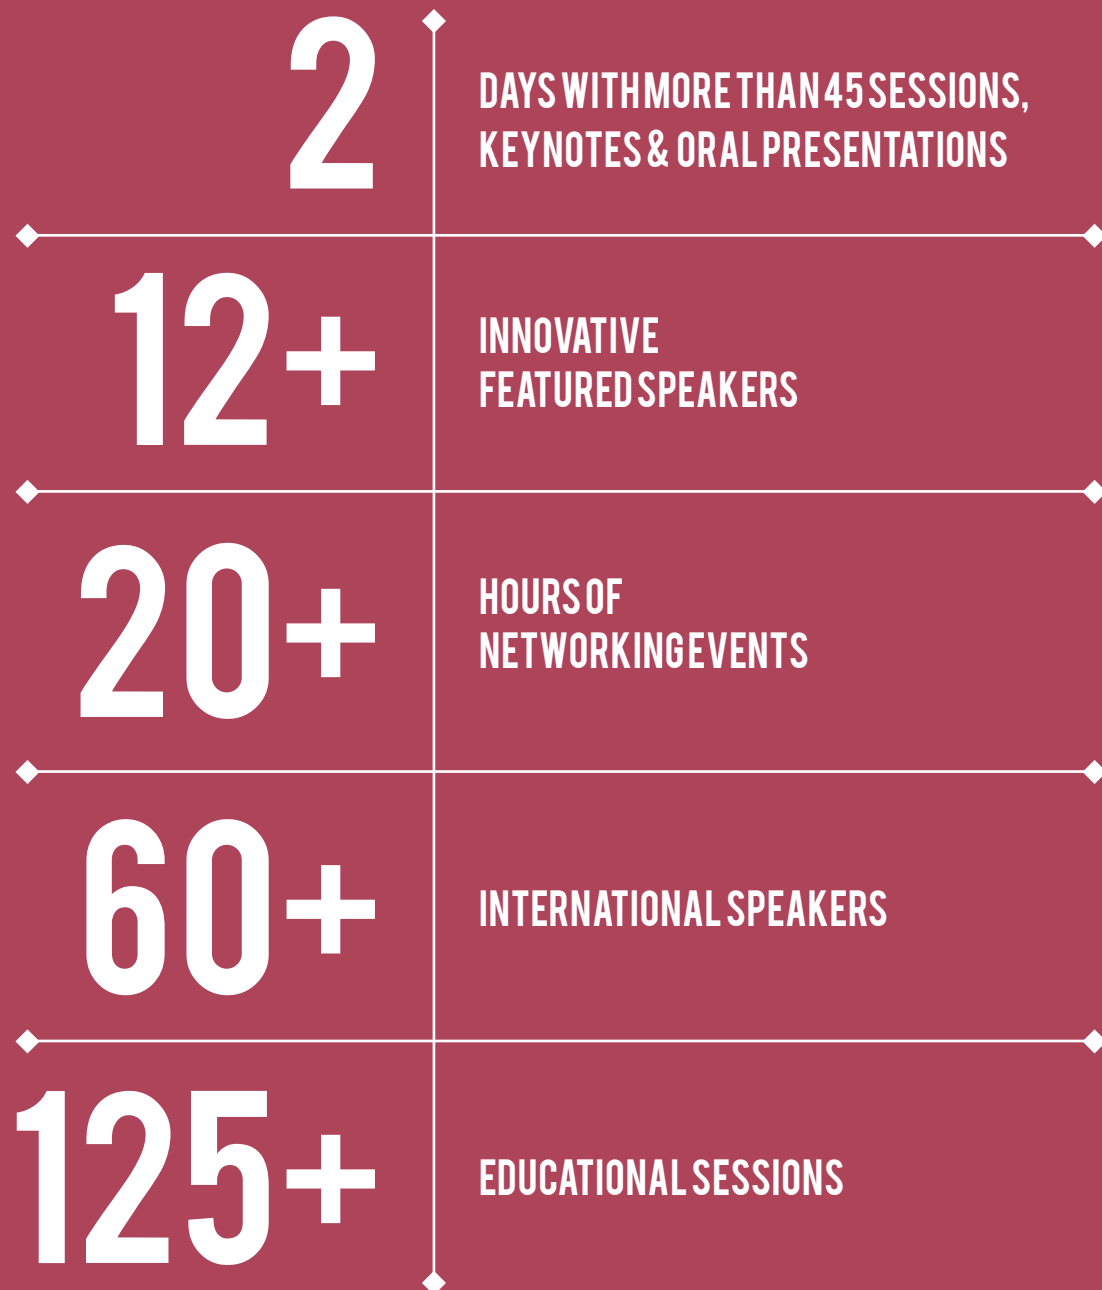

Advancing Biologics and Biosimilars: Innovations, Regulations, and Patient-Centric Solutions

Sub-themes:

- Advancements in Biologics Development
- Clinical Applications of Biologics and Biosimilars
- Biopharmaceutical Manufacturing and Quality Assurance
- Clinical Efficacy and Safety
- Biologics and Biosimilars in Oncology
- Regenerative Medicine and Stem Cell Therapies
- Patient Access and Affordability
- Personalized Medicine and Precision Biologics

BIOL-BIOS 2024

<https://next-gen-biosimilars.peersalleyconferences.com/>

WHO SHOULD ATTEND?

Researchers and Scientists

Regulatory Authorities and Policy-Makers

Healthcare Professionals

Physicians, Pharmacists and Nurses

Academics and Students

Pharmaceutical and Biotech Industry

Biopharmaceutical and Biotechnology Companies

Investors and Venture Capitalists

Intellectual Property Lawyers

Patient Advocacy Groups

Medical and Scientific Societies

Clinical Research Organizations (CROs)

Contract Research Organizations

Marketing and Sales Professionals

Specialists

Medical Schools/Colleges

Hospitals

Medical Microbiologists

Pathologists

Research Labs

Health Care Professionals

Nurses

Physicians

Biomedical Companies

Marketing and Sales Professionals

Biotechnology Researchers

Residents, Fellows & Post Docs

Medical and Scientific Societies

Clinical Research Organizations

Clinicians in Microbiology

WELCOME MESSAGE

Chee Woon Wang, Ph.D.

MAHSA University, Malaysia

Dear Distinguished Guests, Speakers, and Delegates,

It is my great pleasure to welcome you all to the **5th Euro-Global Summit on Future of Biologics and Biosimilars on October 21-22, 2024, London, UK.**

This summit will provide an excellent opportunity for experts and professionals from around the world to come together and exchange knowledge, ideas, and best practices on the latest developments in the field of biologics and biosimilars.

I was one of the Speakers in the **4th Euro Global Summit on Future of Biologics and Biosimilars on November 6-7, 2023, Paris, France.** Over the course of the summit, we have heard from leading pioneers in the field of biologics and biosimilars, who will share their insights and perspectives on the latest scientific breakthroughs, regulatory developments, and business trends.

I wish you all a productive and enjoyable **5th Euro Global Summit in London, UK.**

We are looking forward to another excellent meeting with great scientists from different countries around the world and sharing new and exciting results. Do not miss out on taking part.

With best regards,

Chee Woon Wang, Ph.D.

PRESENTATION FORUM

**i**

KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

**i**

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

**i**

STUDENT FORUM POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

**i**

YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

i

EDUCATIONAL WORKSHOPS/RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI-SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

i

HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

i

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

i

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

CONCURRENT EDUCATIONAL SESSIONS

MONDAY – OCTOBER 21, 2024

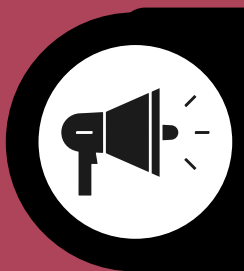

- Biological Medicine
- Biopharmaceutics of Biologics
- Biosimilar Medicines

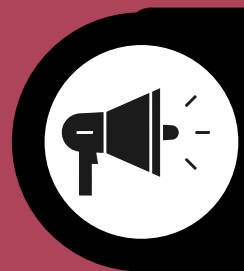

- Biosimilars and Biologics
- Biosimilars Development in Markets

GROUP PHOTO | COFFEE BREAK

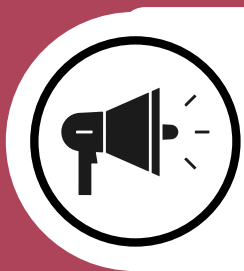

- Understanding Variability, Stability, and Immunogenicity of Biosimilars

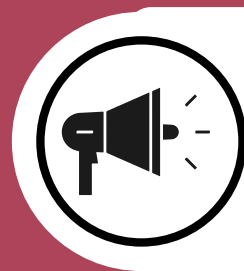

- USFDA Approved Biosimilars
- Vaccines as Biologics in the Era of Pandemic

LUNCH BREAK

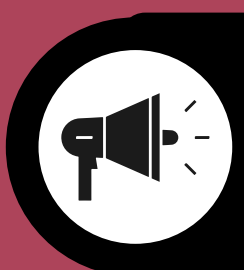

- Digital Health
- Drug Delivery Systems for Biologics and Biosimilars

- Frontiers in Biopharmaceutical Development of Biologics and Biosimilars

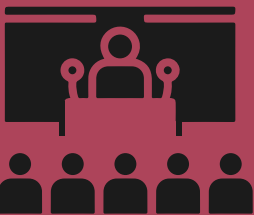

COFFEE BREAK

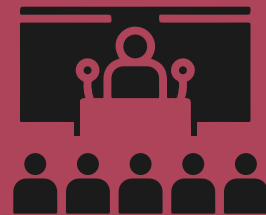

- Innovative Clinical Approach in Biosimilars
- Intellectual Property Rights
- Legislative and Regulatory Pathways for Biosimilars

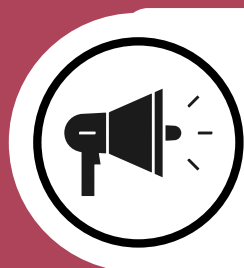

- Biosimilars in Hematology and Oncology
- Challenges in Biosimilars Pharmacovigilance
- Current Challenges in Developing Biosimilars

CONCURRENT EDUCATIONAL SESSIONS

TUESDAY – OCTOBER 22, 2024

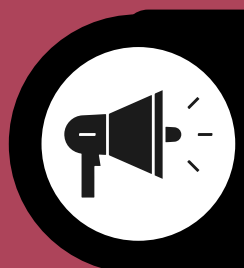

- Globalization of Biosimilars
- Medical Devices and Diagnostics

- Monoclonal Antibody Biosimilars

GROUP PHOTO | COFFEE BREAK

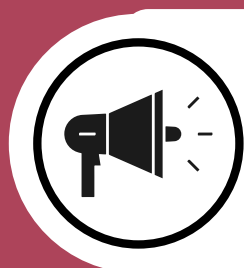

- Nutrition Economics
- Pharmacogenomics of Biologics

- Pharmacokinetics and Pharmacodynamics of Biologics
- Precision Medicine and Advanced Therapies

LUNCH BREAK

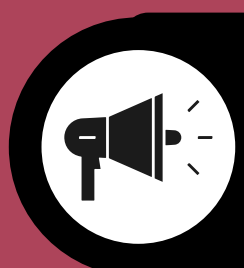

- Rare Disease
- Regulatory Updates on Biosimilars

- The Development of Biologics from the Perspective of the Pharmaceutical Industry

COFFEE BREAK

- The Manufacturing and Quality Assurance Process for Biologics and Biosimilars

- Biology, Chemistry and Biochemistry and Biophysical Concepts of Biologics and Biosimilars

NETWORKING... CONFERRING... FOSTERING

Attending a Conference isn't all about Learning and Networking

DISCOVERING

A right choice of conference destination is an important aspect of any international conference and keeping that in consideration, **BioL-BioS 2024** is scheduled in the Beautiful city "London".

The London Eye

Buckingham Palace

Tower Bridge London

Hampton Court Palace

Palace of Westminster

National Gallery

British Museum

Wembley Stadium

Royal Opera House

SPEAKER'S TESTIMONIALS

BIOL-BIOS 2023

<https://next-gen-biosimilars.peersalleyconferences.com/>

Testimonials

Chee Woon Wang

MAHSA University, Malaysia

The quality of talks are acceptable.

The Peers Alley Media Canada has done their job to achieve the objectives for Biosimilars-Biologics 2023.

Naga Simhadri Apparao Polireddi

IKON Tech Services/ Arizona State University, USA

Thank you for organizing this wonderful conference with immense knowledge and excellent experience. The talks were high quality, very instructive and covered current trending topics.

I learned a lot of advanced techniques at this conference on AI and ML, that I may use in my studies and publish in reputable journals.

Peers Alley Media, Canada did a great job by selecting speakers for thought provoking sessions for this event. Thank you for giving me this opportunity.

Çağla Ozbek

Toros University, Turkey

Thank you very much for your gracious hospitality in Paris. It was a summit with highly quality presentations. The topics and speakers were quite interesting. Our moderator was very kind and attentive. Everything was quite good and appropriate. Looking forward to meeting again.

Mehtap KÖSE ULUKÖK

Cyprus Science University, Turkey

I would like to say that all of the talks were perfect at Biosimilars-Biologics 2023.

I am honored to be one of the participants of this event.

Thank you for everything.

Testimonials

Seçil Soylu

Afyonkarahisar Health Sciences University,
Turkey

Biosimilars-Biologics 2023 conference was successful. Thanks to the kindness and understanding of the moderators and session chairs and your attentive and disciplined approach.

Peers Alley Media did a good job.

Sutapa Mondal Roy

Sir P. T. Sarvajanic College of Science, India

I've participated in the Biosimilars-Biologics 2023. It was an awesome experience. All the speakers were exceedingly insightful. Interaction with them, was professionally enriching. I'd like to thank the organizers for giving me the platform to present my research among the stalwarts of this field.

Sethuraman Sakthi Priyadarsini

SRM College of Pharmacy, India

It was such a pleasure attending this year's Biosimilars-Biologics Global Congress 2023. What a great content and speakers. I feel Peers Alley Media, Canada has done a great job in selecting speakers for innovative and thought-provoking sessions. Thank you for making this event possible for all of us to access such valuable information.

Bhosale Surendra

Veermata Jijabai Technological Institute,
India

The talks were high quality at Biosimilars-Biologics 2023.

Testimonials

Koffka Khan

The University of the West Indies, West Indies

Biosimilars-Biologics 2023 covered a wide range of topics within the field of biology and biosciences, providing a comprehensive overview of current research and developments.

High-Quality Speakers: The lineup of speakers included experts and thought leaders in their respective fields, contributing to the overall quality of the talks.

Informative and Engaging Presentations: The talks were not only informative but also engaging, with presenters effectively communicating their research and ideas.

Networking Opportunities: The conference provided excellent opportunities for networking, allowing attendees to connect with peers and experts in the field.

Knowledge and Information: Biosimilars-Biologics 2023 often provides access to the latest research, innovations, and trends in your field. Attending talks and presentations can expand your knowledge and keep you updated on the state of the art.

Networking: Biosimilars-Biologics 2023 offers excellent opportunities to connect with peers, experts, and potential collaborators. Building a professional network can lead to new opportunities, collaborations, and insights.

Skill Development: BioL-BioS 2023 includes sessions aimed at enhancing specific skills or competencies. These can be valuable for improving your professional skill set.

Exposure to Diverse Perspectives: BioL-BioS 2023 brings together people from various backgrounds and disciplines. Exposure to diverse perspectives and approaches can broaden your understanding and stimulate creativity.

Presentation and Communication Skills: If you present at BioL-BioS 2023, it can improve your ability to communicate your research or ideas effectively to a broader audience.

Research and Project Collaboration: Meeting colleagues and experts can lead to potential research collaborations or partnerships on projects.

Stay Informed: BioL-BioS 2023 helps you stay informed about policy changes, industry regulations, and emerging challenges in your field.

The effectiveness of speaker selection and session quality at BioL-BioS 2023 was high:

Excellent Reputation of Speakers: High background and expertise of the speakers. A good mix of renowned experts and emerging voices in the field can lead to thought-provoking sessions.

Great Diversity of Topics: A well-balanced program that covers a diverse range of topics within the field of biology and biosciences is more likely to offer thought-provoking content.

High Audience Engagement: Sessions included opportunities for audience participation, such as Q&A sessions or panel discussions, which can enhance thought-provoking discussions.

High Number of Feedback from Attendees: High feedback and reviews from other conference attendees. Their experiences and impressions can provide insights into the quality of the sessions and speakers.

Achieving Conference Objectives: The sessions and speakers aligned with the conference's stated objectives and themes.

Testimonials

Sagar S. Santaji

KLS Gogte Institute of Technology, India

The high quality of talks at the Biosimilars-Biologics 2023 conference reflects the dedication and expertise of the speakers, as well as the rigorous selection process for presentations.

Attending Biosimilars-Biologics 2023 significantly enhanced my professional development. The high-caliber talks and networking opportunities provided valuable insights and connections in my field.

Peers Alley Media did an excellent job in selecting speakers for sessions at Biosimilars-Biologics 2023. Appreciated.

Fazala Mehnaz

Apolo hospitals, India

It was a great conference (Biosimilars-Biologics 2023) indeed.

All the topics and speakers were excellent.

Peers Alley Media is doing a great job.

Thank you for the opportunity.

Nilay Mondal

The ICFAI University Tripura, India

Thanks for giving me the opportunity to present my work at the prestigious conference Biosimilars-Biologics 2023. The quality of talks at Biosimilars-Biologics 2023 is really good and it will help us for future research. I have enjoyed the conference and learned a lot especially the topics from medical science. The selected speakers are good and they delivered very good presentations about real-life problems. I would like to thank the team members and Peers Alley Media for organizing such a valuable conference.

Kishor Kumar

Gudlavalleru Engineering College, India

The quality of the talks at Biosimilars-Biologics 2023 is exemplary. This knowledge contributes to enhancing research participation.

Peers Alley Media, Canada did an excellent job.

Testimonials

Pidugu Trisandhya

Bharati Vidyapeeth's College of Engineering, India

The quality of talks at Biosimilars-Biologics 2023 was good and well managed.

The presentation will surely contribute in my professional development wherever necessary.

Pahan I. Godakumbura

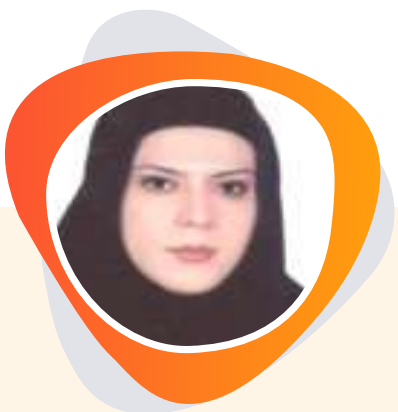

University of Sri Jayewardenepura, Sri Lanka

I would like to thank you for organizing such a productive research conference, 4th Euro-Global Summit on Future of Biologics and Biosimilars (BioL-BioS 2023).

I learned new findings and discoveries by listening to their research presentations and they have done an amazing job on selection of speakers to the session.

The organizing committee was helpful, receptive and flexible and replied promptly to our emails.

As a whole it was a great event.

Sharareh Roshanzamir

Shiraz University of Medical Sciences (SUMS), Iran

First of all, I would like to thank you and your team for managing that great event.

The quality of talks at Biosimilars-Biologics 2023 was one of the highest among the congresses I have ever attended. Although I could not take the advantage of attending all lectures, the ones that I listened to contributed to a great extent to my professional development.

In my point of view, Peers Alley Media, Canada did an excellent job selecting speakers for thought-provoking sessions for this event

Wish you the best and hope to meet you in person in future congresses.

C. Sashidhar

JNTUA, India

This is to inform you that I have enjoyed the conference Biosimilars-Biologics 2023.

The quality of papers selected were really good and very informative.

Definitely it will benefit my professional growth as most advanced topics were presented.

Peers Alley Media has done their best in selecting the speakers.

Testimonials

Prof. Ali Fourar

Université de Batna2, Algérie

I sincerely thank you for your warm message. Participating in the 4th Euro-Global Summit on the Future of Biologics and Biosimilars (BioL-BioS 2023) was a rewarding experience and I am delighted to share my impressions.

The quality of presentations at BioL-BioS 2023: The presentations were of exceptional quality. Speakers delivered relevant and up-to-date information, demonstrating in-depth expertise in their respective fields. The topics covered were relevant and contributed to expanding my knowledge in the field.

Contribution to professional development: Participating in BioL-BioS 2023 undoubtedly made a significant contribution to my professional development. In-depth discussions and shared insights helped me stay updated on industry advancements and enhanced my understanding of current and future challenges. This event was a valuable source of continuous learning.

Selection of speakers by Peers Alley Media, Canada: Peers Alley Media did an excellent job selecting high-caliber speakers for stimulating sessions. Presenters were passionate and knowledgeable, offering a diversity of opinions and experiences. This contributed to creating a dynamic and engaging atmosphere throughout the event.

I would like to commend the effort put forth by your team to make this event a success.

Abolfazl Hanifehlou

Islamic Azad University, Iran

The quality of the talks was excellent and I got a lot of use out of them.

The topics covered and the connections I made at Biosimilars-Biologics 2023 with other speakers helped me grow professionally

The selection of speakers for Biosimilars-Biologics 2023 was well done.

Thank you for your efforts in organizing the congress well.

Ochuokpa Ezekiel Otor

Ahmadu Bello University Zaria, Nigeria

I'm really very glad to be part of this global event. I thank the organizers for taking time to select highly quality research works across the globe for this event. I also thank all the participants for their display of professionalism. The beauty of learning about new multi-disciplinary discoveries especially in Biosimilars-Biologics 2023 is overwhelming. This has further added to my research experience. I would like to keep the memory of this conference for a long time. Thank you so much.
