WELCOME MESSAGE

Dear All,

We cordially invite you to participate to the 2nd Clinical Neurology and Neurosurgery Congress to be held in Berlin, Germany on June 21-22, 2021. A right choice of conference destination is an important aspect of any international conference. So Berlin, Germany is a beautiful place where it will be possible to show your personal scientific work in an international neuroscience congress. In particular young investigators and students must be stimulated to present their contribution in neurological sciences. The program will contain keynote sessions, oral and poster presentations and a student forum. Also, educational workshops and highlights of the day sessions will be available.

There will be six sessions with each four parallel topics on specific basic and clinical themes concerning different diseases of the nervous system and on specific investigation techniques.

There will also be a large opportunity to meet recognized experts in different fields of neurology and neurosurgery.

So we hope that many of you will be able to come during springtime in Berlin, Germany and have not only a rewarding scientific congress but also a fascinating exploration of the city.

JACQUES L DE REUCK

*Professor, INSERM U1171
Degenerative and
Vascular Cognitive Disorders,
Université de Lille 2, France.*

ORGANIZING COMMITTEE MEMBERS

Stefan Schwab

Professor of Neurology,
Friedrich-Alexander
University Erlangen-
Nuremberg, Germany

Jacques L De Reuck

Professor
Université de Lille 2
France

Kurt A Jellinger

Professor, Institute of
Clinical Neurobiology,
Austria

Marco Carotenuto

Associate Professor,
University of Campania
Luigi Vanvitelli, Italy

Yonca Anik

Professor
Kocaeli University
Turkey

Sudhir V Shah

Professor and HOD,
Neurology, V. S. G.
Hospital, India

Chika Okwuolisa

Founder and Executive
Director, Brain & Spine
Foundation, Nigeria

Shinghua Ding

Professor of Biomedical,
Biological and Chemical
Engineering, University
of Missouri-Columbia,
USA

PRESENTATION FORUM

KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

STUDENT FORUM

POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

REGISTRATION**

COMBO A

(Registration + 2 night's accommodation)

COMBO B

(Registration + 3 night's accommodation)

DELEGATE REGISTRATION

EDUCATIONAL WORKSHOPS/ RESEARCH WORKSHOPS/CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

HIGHLIGHTS OF THE DAY SESSIONS

"Highlights of the Day Sessions" is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

SCIENTIFIC TRACKS/ SESSIONS

Neurology | Neurosurgery | Neuroscience | Neuropsychiatry | Pain Disorder and Management | Central Nervous System | Child Neurology | Neuro-Oncology and Brain Tumors | Neurophysiology | Neuroimmunology | Neuropathology | Neuroimaging | Neurodegenerative disease and Neurodegeneration | Neurological Disorders | Sleep Disorder | Stroke | Movement Disorders | Parkinson's disease | Epilepsy | Multiple Sclerosis | Alzheimer's Disease and Dementia | Neuromuscular Disease | Case studies and Clinical trials | Novel Treatment Strategies

COFFEE BREAK

PAIN DISORDER AND MANAGEMENT

- Pain management programs
- Sleep therapy
- Psychotherapy
- Psychogenic Pain Disorder
- Chronic Pain Syndrome

CENTRAL NERVOUS SYSTEM

- White and gray matter
- Spinal cord
- Brain
- Cranial nerves
- Difference from the peripheral nervous system
- Clinical significance

CHILD NEUROLOGY

- Neuro-Oncology
- Pain
- Psychological disorders
- Case reports
- Childhood epilepsy
- Neonatal neurology

NEURO-ONCOLOGY AND BRAIN TUMORS

- Neuro-Oncological disorders
- Spinal metastasis
- Intracranial metastasis
- Skull metastasis
- Psychosocial Advances in Neuro-Oncology

LUNCH BREAK

NEUROPHYSIOLOGY

- Neurophysiology of Pain
- Surgical Neurophysiology
- Systemic Neurophysiology
- Neurochemistry
- Neurophysiology Facilitation of Respiration
- Clinical neurophysiology
- Metabolic Disorders in Neurophysiology

NEUROIMMUNOLOGY

- Neuroinflammation
- Research in neuroimmunology
- Auto Immune Neuropathies
- Neuroimmunological disorders

NEUROPATHOLOGY

- Neuropathology of Neurodegenerative disorders
- Neuropathology of Aging
- Neuropathology of Neuro-Oncology
- Neuropathology of Brain Tumor
- Neuropathological techniques
- Treatment and advancement in neuropathology
- Neuropathology approaches
- Clinical Neuropathology
- Functional Neuroanatomy

NEUROIMAGING

- Neuroimaging techniques and their relation with Neurology
- Recent advancements in Neuroimaging
- Functional magnetic resonance imaging
- Functional Magnetic Resonance Imaging (fMRI)
- Magnetoencephalography
- Cranial ultrasound
- Magnetic resonance imaging

COFFEE BREAK

NEURODEGENERATIVE DISEASE AND NEURODEGENERATION

- Batten disease
- Huntington's disease
- Parkinson's disease
- Amyotrophic lateral sclerosis (ALS)
- Alzheimer's disease
- Motor neuron disease

NEUROLOGICAL DISORDERS

- ALS
- Epilepsy
- Parkinson's Disease
- Brain Aneurysm
- Spinal Cord Tumor
- Memory Disorders
- Multiple Sclerosis
- Arteriovenous Malformation
- Headache
- Dural Arteriovenous Fistulae
- Stroke
- Brain Tumors
- Peripheral Neuropathy

SLEEP DISORDER

- Insomnia
- Sleep Apnea
- Parasomnias
- Narcolepsy
- Obstructive sleep apnea
- Restless legs syndrome
- Sleepwalking
- Jet lag

STROKE

- Ischemic Stroke
- Haemorrhagic Stroke
- Thrombotic stroke
- Rehabilitation
- Stroke Management
- Stroke Case reports
- Angioplasty and stenting

Concurrent Educational Sessions

TUESDAY, JUNE 22, 2021

MOVEMENT DISORDERS

- Parkinson's disease
- Progressive Supranuclear Ophthalmoplegia
- Dystonia
- Blepharospasm
- Parkinson plus syndromes
- Secondary Parkinsonism
- Cerebral palsy

PARKINSON'S DISEASE

- Signs and symptoms of Parkinson's disease
- Secondary Parkinsonism
- Parkinsonian gait
- Brain cell death
- Parkinsonism
- Bradykinesia
- Parkinson's care, rehabilitation and treatments

EPILEPSY

- Seizure
- Epilepsy surgery
- Epileptogenesis
- Photosensitive epilepsy
- Focal seizures
- Generalized seizures
- Epilepsy treatment

MULTIPLE SCLEROSIS

- Primary progressive MS
- Relapse-remitting MS (RRMS)
- Secondary progressive MS (SPMS)
- Clinically isolated syndrome (CIS)
- Multiple Sclerosis Treatment and Management

GROUP PHOTO

COFFEE BREAK

ALZHEIMERS DISEASE AND DEMENTIA

- Causes and Prevention of Alzheimer's
- Vascular Dementia
- Alzheimer's Disease Diagnosis and Symptoms
- Recent Studies & Case Reports
- Alzheimer prevention and risk factors
- Alzheimer's Clinical Trials and Studies

NEUROMUSCULAR DISEASE

- Spinal muscular atrophy
- Myasthenia gravis
- Researches on Neuromuscular disease and disorders
- Myositis, including polymyositis and dermatomyositis
- Myopathy
- Charcot-Marie-Tooth disease

CASE STUDIES AND CLINICAL TRIALS

- Neurology Case Studies
- Neurosurgery Case Studies
- Parkinson's Case Studies
- Epilepsy Case Studies
- Alzheimer's Case Studies
- Movement Disorder Case Studies
- Neurology Clinical Trials
- Neurosurgery Clinical Trials
- Parkinson's Clinical Trials
- Epilepsy Clinical Trials

NOVEL TREATMENT STRATEGIES

- Neuroprotective strategies
- Multiple sclerosis therapeutic strategies
- Emerging therapies
- Stem-cell therapy
- Gene therapy
- Deep-brain stimulation
- Antiepileptic drugs
- Hurdles in treating neurological diseases
