# Welcome Message

**D**ear participants! Ladies and gentlemen, dear colleagues, dear friends!

The “European Diabetes Conference” at London , UK, NOV 16-17, 2020 hopefully will attract many participants from different countries. It serves as an opportunity to present and discuss various innovations involved in the study of Diabetes and its research.

I’m 88-year-old, and due to my health and my age, unfortunately I cannot attend this meeting that. However, I’m sure that Euro-Diabetes Conference 2020, London, UK, will have the maximum success for the topics that world experts will treat.

My contribution is to illustrate my clinical fight against the Five Stages of T2DM, made possible by the Diabetic and Dislipidemic Constitution-dependent, Inherited Real Risk, I have discovered twenty years ago. Such a predisposition to T2DM, which represents the First of the Five Stages in which I have divided the type 2 DM, is bedside diagnosed from birth with a common stethoscope, and eliminated with Reconstructing Mitochondrial Quantum Therapy.

What accounts for the reason that today in the world there are as many undiagnosed diabetics than the diagnosed ones?

In my opinion, until today the Physicians were not capable of bedside recognizing from birth the apparently healthy subjects, but actually affected by the first diabetic stages, although completely symptomless, according to the traditional physical semeiotics, and therefore considered erroneously non-diabetic.

Thanks to Quantum Biophysical Semeiotic discoveries in the fascinating field of Diabetology, illustrated in a large authoritative Literature, with the precious help of my Disciples, the fight against T2DM has finally changed, making possible t2DM Pre-Primary and Primary Prevention on very large scale, enrolling rationally and early individuals at real risk of T2DM.

Honored leaders, renowned experts and distinguished guests from allover the world will attend the congress. This conference should be a meeting point for researchers and practitioners. This is a cordial invitation to all of you to become an active part of this event in London, UK.

Sincerely Yours,

**Dr Sergio Stagnaro**

# PRESENTATION FORUM

## KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

## DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

## STUDENT FORUM

### POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

### YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

## EDUCATIONAL WORKSHOPS/ RESEARCH WORKSHOPS/CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

## HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

## EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

## MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

# Concurrent Educational Sessions

MONDAY, NOV 16, 2020

## DIABETES MELLITUS

- Management of Type 2 Diabetes Mellitus
- Insulin Therapy
- Insulin with Oral Medications
- Diabetes and Insulin
- Insulin Injection Technique

## DIABETES RESEARCH

- Drug development opportunities in Diabetes
- Depression in early pregnancy linked to gestational diabetes
- Custom made Fat tissue that burns calorie
- Genetics of Type 2 diabetes revealed in unprecedented details
- Bio-Informatics Tools & Technique used in diabetic research

## DIABETES TYPES AND SYMPTOMS

- Diabetic Neuropathy
- Congenital diabetes
- Monogenic diabetes
- Diabetes mellitus type 1
- 3 P-Polyuria, Polydipsia, Polyphagia

## GROUP PHOTO | COFFEE BREAK

### TYPE 1 & TYPE 2 DIABETES MELLITUS

- A1C test
- Blood pressure test
- Pancreas Transplant Animation
- Fatigue
- Glucose tolerance test

### GENESIS OF DIABETES

- Pancreatectomy
- Chronic pancreatitis
- Hemochromatosis
- Fibrocalculous pancreatopathy
- Pancreatic Neoplasms

## LUNCH BREAK

### DIABETES AND WOUND HEALING

- Impaired sweating
- Dry and cracked skin
- Toenail infections
- Foot abnormalities
- Foot Ulcers

### GESTATIONAL DIABETES

- Placental Hormones
- Blurred Vision
- Fatigue
- Diet Therapy
- Insulin Therapy

## COFFEE BREAK

# Concurrent Educational Sessions

TUESDAY, NOV 17, 2020

## CARDIOVASCULAR RISK IN TYPE 2 DIABETES

- High Blood Pressure
- Heart Disease
- High Blood Glucose
- Damage of Blood Vessels
- Atherosclerosis and Hypertension

## TREATMENT OF DIABETES

- New therapeutic mechanisms for Diabetes
- New Insulin delivery systems: Inhaled, transdermal & implanted devices
- Computational approach to chemical etiologies of Diabetes
- Glucose sensors (invasive and non-invasive)
- Bariatric surgery versus conventional therapy

## INSULIN MEDICATION

- Diabetes and Insulin
- Insulin Medication of Type 2 Diabetes Mellitus
- Insulin Therapy
- Insulin with Oral Medications
- Insulin Injection Technique

## GROUP PHOTO | COFFEE BREAK

### DIABETES MEDICATION & THERAPY

- Behavioral and Educations Approaches to Diabetes Self-Management
- Albuminuria
- Exercise in the Therapy of Diabetes Mellitus
- Cure for Type 1 diabetes stem cells
- Mechanism of Pancreatic beta cell in Type 1

### KETOGENIC DIET FOR DIABETES

- Acid-alkaline diet
- Gluten free diet
- Low calorie diet
- Low carb diet
- Low fat diet

## LUNCH BREAK

### ENDOCRINOLOGY AND DIABETES

- Cushing's disease
- Congenital adrenal hyperplasia (CAH)
- Graves' disease
- Hypoglycaemia
- Hyperthyroidism

### DIABETES AND OBESITY

- Type 2 Diabetes
- Insulin Medication
- Endoplasmic Reticulum
- Stress
- Lipids & Blood Fats

# NETWORKING...CONFERRNCING...FOSTERING

ATTENDING A CONFERENCE ISN'T ALL ABOUT LEARNING AND NETWORKING

## DISCOVERING

A NEW PLACE , PEOPLE AND CULTURE

A right choice of conference destination is an important aspect of any international conference and keeping that in consideration, Euro Diabetes 2020 is scheduled in the Beautiful city "London".

British Museum

Buckingham Palace

Greenwich and Docklands

Hampton Court Palace

Kew Gardens

National Gallery

Palace of Westminster

Piccadilly Circus and Trafalgar Square

The London Eye

Tower Bridge London

Victoria and Albert Museum

Whitehall and Parliament
