# Welcome Message

Euro Pharma 2020 would like to welcome you to Paris, France, October 23-24, 2020. It's an exciting time for Euro Pharma who are a world leader in Scientific events and Drug Discovery for the Future.

The world of international conferences is an exciting area to meet and bring inspired people together in forums like this, to ensure that PHARMACEUTICS and DRUG DESIGNING remain at the cutting edge. The International Conference is a place where we are always adaptable, motivated and responsive and focused to develop new ideas AT A TIME OF EXCESSIVE GLOBAL CHANGE. This is the platform where you can exchange your ideas and learn novel concepts related to your field from the international speakers as well as the professionals participating in Euro Pharma 2020 to learn or share their experience and improve connections from the entire global community.

I would like to thank each of you for attending Euro Pharma 2020 and bringing your expertise to GLOBAL ORGANIZATION. You, as organization leaders, have the vision, the knowledge, the excellence and the experience to help us pave THE way into the future. Throughout this INTERNATIONAL CONFERENCE, I ask you to stay engaged, keep us proactive and help us shape the future of PHARMACEUTICAL RESEARCH. My personal respect and thanks goes out to all of you for your attendance at Euro Pharma 2020 in Paris, France, October 23-24, 2020.

Yours sincerely,

Dear Friends and Colleagues,

On behalf of Organizing Committee Chair, it is a great pleasure and an honor to extend to you all a warm invitation to attend the Euro Pharma 2020, to be held ~~April 23~~ <sup>April 28</sup>, 2020 at Paris, France.

The theme of the Conference “Outlook and Advance Technologies of Pharmaceuticals” will underpin the need for collaboration and cooperation of individuals from a wide range of professional backgrounds.

Euro Pharma 2020 Conference will provide a wonderful forum for you to refresh your knowledge base and explore the innovations in different field of pharma technologies.

The Conference will strive to offer plenty of networking opportunities, providing you with the possibility to meet and interact with the leading scientists and researchers, friends and colleagues as well as sponsors and exhibitors.

We hope you will join us for a symphony of outstanding science, and take a little extra time to enjoy the spectacular and unique beauty of this place.

With best wishes,

Giulio Tarro

# Welcome Message

Dear Colleagues: Greetings!

I extend my warm greetings to all participants of the “European Pharma Congress” in Paris, France during October 23-24, 2020. This couldn't have been a more exciting year as we continue to implement perspectives from interdisciplinary areas in the behalf of contribution to science and technology.

Our theme for this year, “Outlook and Advanced Technologies of Pharmaceuticals”, seems to be an ordinary duty for all scientists and researchers nowadays since pharma and pharmaceutical research, with its novel trends and constant evolution, is surround daily topics!

There is a requirement for keep pace with the world changing technologies, we should keep update our knowledge and practice on trend topic fields such as Pharmaceutical Technology, Pharma Research and Development, Pharmacology, Pharmaceutical Analysis.

I anticipate that our Congress will shed new light on various branches of Pharma. It will provide ample opportunities for collaboration, networking and partnerships.

I wish you will have exciting and fruitful couple of days in spring love Paris!

Best regards,

Sincerely,

**Metin Basaranoglu, MD**

*Director of Nutrition and Dietetics Department*

*Vice Principal of the Gastroenterology Institute at BAVU, Turkey*

# PRESENTATION FORUM

## KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

## DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

## STUDENT FORUM

### POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

### YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

## EDUCATIONAL WORKSHOPS/ RESEARCH WORKSHOPS/CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

## HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

## EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

## MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.
