

*4<sup>th</sup> International  
Conference on*

# Future of Preventive Medicine & Public Health

## **Theme:**

“Empowering Healthcare: Exploring Global  
Macrotrends, Advanced Treatments, and  
Cutting-Edge Technologies for Personalized  
and Affordable Care”

18–19  
March, 2024  
**Amsterdam,  
Netherlands**

**FUTURE OF PMPH 2024**

<https://healthcare.peersalleyconferences.com/>

**2**

**DAYS WITH MORE THAN 45 SESSIONS,  
KEYNOTES & ORAL PRESENTATIONS**

**INNOVATIVE  
FEATURED SPEAKERS**

**12+**

**20+**

**HOURS OF NETWORKING EVENTS**

**INTERNATIONAL SPEAKERS**

**60+**

**125+**

**EDUCATIONAL SESSIONS**

# WHO SHOULD ATTEND

Doctors | Physicians| Academic Researchers |  
Internists|Healthcare Professionals|Epidemiologists  
| Healthcare Specialists | Researchers and Scholars |  
Biotechnologists | Policy Makers and Nobel Laureates  
| Scientists | Industries | Medical and Healthcare  
Research Labs|Societies and Associations|Delegates  
| Students | Business Entrepreneurs | Manufacture  
Medical Device Companies | Diagnostic Companies  
| Medical Colleges and Training Institutes | Hospitals

# PRESENTATION FORUM

## KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

## DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

## STUDENT FORUM

### POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

### YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

## EDUCATIONAL WORKSHOPS/ RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions give an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

## HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

## MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

## EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that give an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

## TYPES OF ACADEMIC REGISTRATIONS

Speaker Registration

COMBO A (Registration + 2 Night Accommodation)

COMBO B (Registration + 3 Night Accommodation)

Delegate Registration

## TYPES OF BUSINESS REGISTRATIONS

Speaker Registration

COMBO A (Registration + 2 Night Accommodation)

COMBO B (Registration + 3 Night Accommodation)

Delegate Registration

## TYPES OF STUDENT REGISTRATIONS

# TIME TO CONNECT

WITH YOUR  
PEERS

# CONCURRENT EDUCATIONAL SESSIONS

MONDAY

MARCH 18

2024

## PREVENTIVE MEDICINE

- Epidemiology
- Psychiatric science
- Virology
- Osteoarthritis
- Asthma
- Microbiology
- Pathology
- Traditional Medicine

## PUBLIC HEALTH AND HEALTHCARE

- Health care research
- Health information technology
- Health care financing
- Health care administration
- Environmental Health
- Behavioural Health
- Public Policy
- Mental Health
- Health Economics

## HEALTHCARE, SERVICES AND TECHNOLOGIES

- Internet of Medical Things (IoMT)
- Healthcare and Information Technology
- 3D Animations in Health Care
- Imaging Informatics
- Prognostics in Telemedicine
- Telediagnosics
- Telemonitoring
- Broad band technologies in health care

## HEALTHCARE INNOVATIONS

- AI & cognitive technologies
- Digital transformation
- Diversity & inclusion
- Innovation
- Next-generation sequencing
- 3D-printed devices
- Immunotherapy
- Artificial intelligence
- Point-of-care diagnostics
- Biosensors and tracker
- Telehealth

## GROUP PHOTO | COFFEE BREAK

## ADVANCED HEALTHCARE

- Telemedicine
- e- health
- Bioinformatics in Health Care System

## DIGITAL HEALTH

- 3D animations in health care
- Telediagnosics
- Telemonitoring
- Broad band technologies in health care
- e- health

## PRIMARY CARE

- Family Medicine Primary Care
- Primary Care Medicine
- Primary Care Pediatrics
- Aspects of Primary Health Care
- Dental Primary Care
- Community Health Services
- Primary Care to Prevent Infectious Diseases
- Immunization in Primary Care
- Palliative Care
- Primary Care Health Records

## OCCUPATIONAL HEALTH AND SAFETY

- Occupational Health and Environmental Safety
- Occupational Medicine
- Occupational Psychology
- Occupational Physiotherapy
- Occupational Human Factors and Ergonomics
- Occupational Therapy
- Occupational Rehabilitation
- Occupational Disease and Human Health

## LUNCH BREAK

## HEALTHCARE AND MEDICAL INFORMATICS

- Health information exchange
- Human computer interfaces
- Health monitoring
- Population health management
- Pathology informatics
- Health care information and analytics

## PERSONALIZED AND PRECISION MEDICINE

- Precision Medicine Initiative
- Advancing Precision Medicine
- Human genome
- Pioneering pharmacogenetics

## PREVENTIVE MEDICINE AND DIABETES

- Type 1 diabetes
- Type 2 Diabetes
- Gestational diabetes
- Managing Diabetes
- Insulin, Medicines and Others Diabetes Treatments
- Diabetes Diet, Eating and Physical Activity
- Preventing Diabetes Problems

## PREVENTIVE MEDICINE AND PEDIATRICS

- Child & Adolescent Obesity
- Bioethics in Child Health, Rights & Safety
- Preterm-Birth Complications & Intensive Care
- Pediatric Surgery
- Pediatric Vaccines & Immunization
- Pediatric Dermatology
- Pediatric Genetic Disorders & Rare Diseases

## COFFEE BREAK

## PREVENTIVE MEDICINES AND VACCINATIONS

- Vaccines against Infectious Diseases
- HIV Vaccines
- Cancer Vaccines
- Vaccines Safety and Efficiency
- Vaccine Adjuvants and Delivery Technologies

## E-HEALTH

- Biotechnology in Health Care
- Telemedicine
- Health and Portal Technology
- Bioinformatics in Health Care System
- EMR and Health Informatics
- Clinical Patient Management System

## PREVENTIVE MEDICINE AND GERIATRICS

- Geriatric Diseases
- Geriatric Medicine
- Geriatrics and Palliative Care
- Geriatrics and Orthogeriatrics
- Geriatrics and Geriatric Management
- Geriatrics and Case Studies
- Geriatrics and Geriatric Syndromes
- Geriatrics and Social Gerontology

## HEALTHCARE STATISTICS AND RESEARCH

- Medical Records and Statistics
- E-Research
- Patient safety and technology

# CONCURRENT EDUCATIONAL SESSIONS

TUESDAY

MARCH 19

2024

## HEALTHCARE AND PATIENT SAFETY

- Patient Safety and Health Policy
- Ethical and legal aspects of Patient Safety
- Errors in Patient Safety
- Risk Program Design and Implementation
- Collaboration to Improve Health Care Safety

## PREVENTIVE MEDICINE AND COMMUNITY HEALTH

- Community Health Benefits
- Community Health Behavioural
- Community Health Care
- Community Health Dentist

## PREVENTIVE MEDICINE AND INTERNAL MEDICINE

- Endocrinology
- Haematology
- Gastroenterology
- Medical oncology
- Pulmonary disease
- Rheumatology

## WOMEN'S HEALTH GYNECOLOGY

- Genital tract infections
- Osteoporosis
- Urinary incontinence
- Uterine cancer
- Ovarian cancer
- Cervical cancer
- Vulvar and vaginal cancer
- Gynaecological endocrinology
- Reproductive and Sexual Health

## GROUP PHOTO | COFFEE BREAK

## HEALTHCARE AND MIDWIFERY

- Healthy Living
- Womens Health
- Neonatology
- Maternal and Child Health
- Women Oncology
- Breast Diseases
- Uterine Diseases
- Women Reproductive Cancer
- Midwifery Nursing Practice
- Reproductive Endocrinology
- Traditional Midwifery

## PREVENTIVE MEDICINE AND ONCOLOGY

- Breast Cancer
- Lung Cancer
- Cancer Research
- Cancer Prevention
- Colorectal cancer
- Cervical Cancer
- Neurofibromatosis

## PREVENTIVE MEDICINE AND BEHAVIORAL HEALTH

- Anxiety Disorders
- Attention Deficit Hyperactivity Disorder (ADHD, ADD)
- Autism Spectrum Disorders (ASD)
- Bipolar Disorder (Manic-Depressive Illness)
- Borderline Personality Disorder
- Depression
- Disruptive Mood Dysregulation Disorder

## PSYCHOLOGY AND PSYCHIATRIC DISORDERS

- Assessment and evaluation of mental health effects
- Anxiety and sleep disorders
- Schizophrenia and nursing care
- Stress and emotional treatment studies and outcomes
- Cognitive behavioural therapy and family therapy in nursing
- Primary mental health care

## LUNCH BREAK

## HEALTHCARE AND SOCIOLOGY

- Access To Care
- Disabilities
- Government Programs And Policies
- Diseases
- Children's Health
- Mental Health
- Medical Research
- Medical Sociology And Medical Economics

## PREVENTIVE MEDICINE AND ADOLESCENT MEDICINE

- Diabetes Type-1
- Asthma
- HIV
- Neurological problems
- Malnutrition and Obesity

## PREVENTIVE MEDICINE AND SPORT MEDICINE

- Sports injuries, rehabilitation and injury prevention
- Exercise physiology, fitness testing and training
- Drugs in sport
- Exercise and health promotion
- Sport and exercise for special and clinical populations
- The psychology of performance and injury

## PREVENTIVE MEDICINE AND FAMILY MEDICINE

- Adverse Drug Events Reporting
- Antibiotic Resistance
- Asthma
- Cardiovascular Risk Reduction
- Chronic Kidney Disease
- Depression
- Electronic Health Records
- Genomic Medicine
- Health Diversity
- Hypertension
- Immunization
- Menopause
- Migraine

## COFFEE BREAK

## HEALTHCARE AND TROPICAL DISEASE

- Tropical Diseases in Animals
- Tropical Medicine and Various other Medicine
- Clinical Tropical Medicine
- Neglected Tropical Diseases
- Tropical Biomedical Sciences
- Malaria
- Chagas disease
- yellow fever
- Dengue

## PREVENTIVE MEDICINE AND PHARMACEUTICALS

- Antibiotics
- Antioxidant
- Bioremediation
- Chemotherapy
- Clinical Trials
- Research & Development in Drug Designing
- Drug Discovery
- Drug Interactions
- Drug Quality

## PREVENTIVE MEDICINE AND INFECTIOUS DISEASE

- Causes and pathophysiology
- Clinical Studies
- Pharmaceutical Research
- Tropical Diseases
- Congenital Heart Disease
- Disease control
- Zoonosis
- Etiology
- Management of disorder

## PREVENTIVE MEDICINE AND DENTISTRY

- Image acquisition: 3D radiographic imaging
- 3D digital image analysis
- Oral hygiene

# 4<sup>TH</sup> INTERNATIONAL CONFERENCE ON FUTURE OF PREVENTIVE MEDICINE AND PUBLIC HEALTH

MARCH 18-19, 2024  
Amsterdam, Netherlands

<https://healthcare.peersalleyconferences.com/>

## Featured Speakers

**Wendy Wolfersteig**

Arizona State University, USA

**Maggie Inrig**

Stepped Care Solutions, Canada

**Maria-Isabel Roldos**

Lehman College and CUNY Institute for Health Equity, USA

**Adriana Haimovitz-Friedman**

Memorial Sloan Kettering Cancer Center, USA

**Ken C. Winters**

Oregon Research Institute (Minnesota location), USA

**Laura Kauzlarich**

Northwest Missouri State University, USA

**Piper Nicolosi**

Invitae San Francisco, USA

**Joseph Tramontana**

Private Practice in Louisiana and Mississippi, USA

## Presentation Titles

**Examining Community Determinants of Health  
Using Needs Assessments to Improve Public  
Health Decisions**

**Wellness Together Canada: Digital  
Implementation of the Stepped Care  
2.0©Model for Population Mental Health**

**Disparities in violent fatal injury among racial  
and ethnic minorities, 2009–2019: A portfolio  
analyses**

**Radiation-induced gastrointestinal (GI)  
syndrome as a function of age**

**Brief Interventions for Cannabis Using  
Adolescents**

**Enhancing Job Quality Experiences for  
Intimate Partner Violence (IPV) Survivors**

**Understanding Variants of Uncertain  
Significance in Germline Genetic Diagnostic  
Testing**

**Hypnotically Enhanced Future Projection  
Therapy: Strategies and Case Examples**

# SPEAKER SLOTS AVAILABLE

**Jordan Perchik**

University of Alabama at Birmingham, USA

**Going Global: Bringing Artificial Intelligence Education to a Global Audience**

**Hassan Heshmati**

Endocrinology Metabolism Consulting, LLC, USA

**Preventive strategies to reduce the health risks of endocrine-disrupting chemicals**

**Hyunmin Kim**

The University of Southern Mississippi, USA

**Impact of the Affordable Care Act on participation in the Supplemental Nutrition Assistance Program among low-income older Medicare beneficiaries**

**Michael Dunaway**

Innovation IoT Devices and Infrastructure Group National Institute of Standards and Technology, USA

**Evaluating the Whole Community Concept Based on the National Response to COVID-19**

**Vanessa Babette Bastek**

Klinikum Region Hannover GmbH, Germany

**A whole new world of healing: exploring medical hypnotherapy for pediatric patients**

**Jacob Marvin**

Ohio Northern University, USA

**Financial, Occupational and Physical Challenges and Blood Glucose Monitoring in Type 2 Diabetes**

**Jay Kulsh**

The University of Southern Mississippi, USA

**Biochemistry – Not Oncogenes – May Demystify and Defeat Cancer**

**Vrushali Thakkar**

Emory University, USA

**Addressing Inequality in Maternal Care: A Study of Alabama's Healthcare Deserts and Policy Implications**

**Tahmineh Azizi**

University of Wisconsin-Madison, USA

**Application of Discrete Wavelet Transform and Spectral Entropy in Epileptic Seizure Detection**

**Dung Phung**

The University of Queensland, Australia

**Climate-Sensitive Infectious Diseases in the Mekong Delta Region: From Scientific Evidence to Preventive Practices**

**SPEAKER SLOTS AVAILABLE**

**Vinh Bui**

Southern Cross University, Australia

**State-of-the-Art in Synthetic Data Generation for Healthcare: Advancements, Challenges and Future Prospects**

**Nicola Sommer**

University of Teacher Education, Austria

**Diabetes in School – a practical Example**

**Natasha Jojo**

University of Canberra, Australia

**EmpowerSafe: Building Boundaries and Confidence- A Sexual Abuse Prevention Program for Young Minds with Intellectual Abilities**

**Clarence George III**

California State University of Sacramento, USA

**Read it, write it, Talk about it: The impact of African Centered Education in Higher Learning Amongst Diverse Student Body Populations**

**Linda H.Chen**

University of Idaho, USA

**Does the Influence of Competition and Compensation on Hospital Quality Vary with Ownership Type?**

**Cari Dawn McIllduff**

University of Saskatchewan, Canada

**Discussing the Practicality of the Model of Engaging Communities Collaboratively Through Various Equity-deserving Population-led Projects**

**Connolly Aziz**

University of East London, Canada

**Well-Being on Prince Edward Island, Canada: a Statistical Case-Study of Well-Being Related Community Factors**

**J. David Pincus**

Employee Benefit Research Institute, USA

**Wellbeing as Need Fulfillment**

**Karen Megrnahan**

University of London, UK

**Non-pharmacological Interventions for Problematic Substance Use: a Rapid Overview of Cochrane Systematic Reviews**

**Alvaro Rocha**

ISEG, University of Lisbon, Portugal

**A health data analytics maturity model for hospitals information systems**

**SPEAKER SLOTS AVAILABLE**

### **Sandro Sousa**

Portuguese Association of Clinical Hypnosis and Hypnoanalysis (APHCH), Portugal

**Stress reduction interventions for patients with chronic diabetic foot ulcers: a qualitative study into patients and caregivers' perceptions**

### **Alan Wang**

University of Auckland, New Zealand

**Computational neuroimaging for post-stroke recovery prediction and precision rehabilitation**

### **Humam Fairuziana**

University of Miami, USA

**The Role of Muslim Religious Leaders in Mental Health: A Community-Based Participatory Research Study in the San Francisco Bay Area**

### **Ruut Veenhoven**

Erasmus University Rotterdam, Netherlands

**How to foster health by fostering happiness**

### **Ali Thaer Ali Al-Ani**

Ajman University, UAE

**Child Physical Abuse: Knowledge of Dental Students in Hamburg, Germany**

### **Sileshi Demelash**

Maastricht University, The Netherlands

**Assessing the Performance of Public Health Surveillance Systems: A Systematic Review**

### **Agustin de la Herran Gascon**

Autonomous University of Madrid, Spain

**Meditation: well-being and health**

### **Diederick B. Wouters**

ETZ Hospital, The Netherlands

**The meniscus, a useless remnant of evolution or an essential part of the knee joint? And highly essential to prevent early osteoarthritis?**

### **Mally Shechory Bitton**

Ariel University, Israel

**Breaking Barriers: Understanding Transphobia, Resilience, and Psychological Distress in the Transgender Community of Israel**

### **Muchanga Sifa Marie Joelle**

National Center for Global Health and Medicine, Japan

**Evolving Partnership: A Japan-lead pandemic-resilient training model for clinical research professionals in resources limited settings**

# **SPEAKER SLOTS AVAILABLE**

### **Mirza Kovacevic**

Cantonal Hospital Zenica, Bosnia and Herzegovina

**Ketamine as the main analgesic agent during analgesia-based sedation for elective colonoscopy- A randomized, double-blind, control study**

### **Edith Sánchez-Jaramillo**

Instituto Nacional de Psiquiatría Ramón de la Fuente Muñiz, Mexico

**Modulation of histamine neuronal activity by Thyrotropin-Releasing Hormone neurons: self-inputs or neighboring ones?**

### **Gagik Hakobyan**

erevan State Medical University, Armenia

**Diagnostic and prognostic value of indicators of markers of bone metabolism in patients with type 2 diabetes mellitus with intraosseous dental implantation**

### **Orestis Ioannidis**

Aristotle University of Thessaloniki, Greece

**Open abdomen and negative pressure wound therapy for acute peritonitis especially in the presence of anastomoses and ostomies**

### **Erika Zelko**

Institute for Palliative and Hospice Medicine University Maribor, Slovenia

**Last Aid International: Fostering Public Engagement in Palliative Care and End-of-Life Topics**

### **Omer Moore**

Laniado Medical Center, Israel

**Hysteroscopy-assisted suction curettage for early pregnancy loss: does it reduce retained products of conception and postoperative intrauterine adhesions?**

### **Isaura Peixoto**

Federal University of Pernambuco, Brazil

**Early biological aging in older people with HIV: a prospective cohort**

### **Shang-Ming Zhou**

University of Plymouth, UK

**Using Machine Learning to Reveal Variations of Polypharmacy Among Patients with Dementia from Primary Care Electronic Health Records**

### **Mira Namba**

Keio University, Japan

**How can we promote vaccination of the mass population? -Lessons from the COVID-19 Vaccination Defaults**

### **Rosita Bihariesingh-Sanchit**

Academic Hospital Paramaribo, Suriname

**Convalescent Plasma a Treatment Option for Pandemics in Low-and Middle- income Countries; The use of Hemoclear Filter as Prepared Readiness**

# **SPEAKER SLOTS AVAILABLE**

**Antonio Posada Dominguez**

Centro Hospitalario La Concepcion, Mexico

**Role of top flat magnetic stimulation for urinary incontinence as a debilitating condition of pelvic floor dysfunction: an observational evaluation of Latin American population**

**Soraya Gomes de Amorim Andrade**

Universidade de São Paulo, Brazil

**Overview of SARS-COV-2 infection at the Butantan Penitentiary Progression Center**

**Rui Zhang**

Peking University First Hospital, China

**Natural progress history of asymptomatic bacterial vaginosis in Chinese Han women and associated risk factors**

**Yameng Liu**

Tianjin University of Traditional Chinese Medicine, China

**Single-cell detection of DMSO promoted HL-60 differentiation toward granulocyte based on DC-iDEP for medicine screening**

**Mohammed Al-Zharani**

Imam Muhammad Ibn Saud Islamic University, Saudi Arabia

**Quercetin as a Dietary Supplementary Flavonoid Alleviates the Oxidative Stress Induced by Lead Toxicity in Male Wistar Rats**

**Jih-Huah Wu**

Ming Chuan University, Taiwan

**The combination of Laser acupuncture and face diagnosis will play an important role in preventive medicine and public health**

**Banu Buruk**

TOBB Economy and Technology University, Türkiye

**Investigating the Impact of the Exhibition of Digital Models of Legacy Anatomy Collections on Society and the Possible Value Conflicts in the Future**

**John Paul Ben Silang**

Women's Wellness and Research Center, Hamad Medical Corporation, Qatar

**Maternal stress and perceived nurse support among mothers of premature infants in the neonatal intensive care unit of a tertiary hospital in Qatar**

**Joyce Felicia Vaghela**

St. Stephen's Hospital, India

**Long-term follow-up of Multidrug Resistant Tuberculosis patients of Delhi, who had received DOTS Plus treatment along with Home Care and Counselling**

**Varghese Roy**

Silverline Hospital, India

**Case series Analysis of Chronic Venous Insufficiency, to determine associated Arthrosis and Static Foot Deformity**

**SPEAKER SLOTS AVAILABLE**

**Manjusha Rajarshi**

Rootssimplified.org, India

**Case series Analysis of Chronic Venous Insufficiency, to determine associated Arthrosis and Static Foot Deformity**

**Rafiq Salih Kareem**

University of Sulaimani, Iraq

**Importance of Pre-Procedure Counselling in Patients Undergoing Flexible Bronchoscopy**

**Suseela V Kundoly**

Amala Institute of Medical Sciences, India

**Campylobacter infections: Is it a neglected entity?**

**Suddath Warnakulasuriya**

University of Colombo, Sri Lanka

**Prevalence of NCD risk factors, health-promotive behaviours, and associated factors among nursing students in two selected Schools of Nursing in western province , Sri Lanka**

**Muhammad Subhan**

Jinnah Hospital, Allama Iqbal Medical College

**Tobacco Use and Pancreatic Cancer: Unraveling the Molecular Mechanisms, Risk Factors, and Prognostic Implications – A Systematic Review**

**Reza Gerami**

Army University of medical science

**Antenatal Ultrasonographic Diagnosis of Rhizomelic Chondrodysplasia Punctata**

**Gabriela Trombeta**

Federal University of São Carlos, Brazil

**How does mindfulness promote work-life balance? An evidence-based model of action mechanisms**

**Fengming Huang**

School of Basic Medicine Peking Union Medical College, China Spain

**Bencao (herbal) small RNA Atlas for treating human disease and oligonucleotide drugs development**

**Pablo Roa**

Secretaría de Salud, Colombia

**COVID-19 mortality in two waves of the pandemic in Cali, Colombia, before and during vaccination roll-out**

**Shiguo Sun**

Northwest A&F University, China

**Gastroesophageal reflux disease (GERD) detection based on a bovine serum albumin and squaraine fluorescent assembly**

**SPEAKER SLOTS AVAILABLE**

**Yousef Mohammed Alluhaymid**

King Saud University, Saudi Arabia

**Relationship between tinnitus and headache in Saudi Arabia**

**Yllka Stramarko**

University of Vlore Ismail Qemali, Albania

**The impact of SARS-CoV-2 infection and the anti-COVID vaccine on the menstrual cycle, among female students at the Faculty of Nursing**

**Fatjona Kamberi**

University of Vlore Ismail Qemali, Albania

**Self-care practices of type 2 diabetic patients and Albanian questionnaire validation - translating research into practice**

**Glodiana Sinanaj**

University of Vlore Ismail Qemali, Albania

**Self-Management, a Challenge in Coping with Rheumatoid Arthritis: Case Report**

**Brunilda Subashi**

University of Vlore Ismail Qemali, Albania

**Medicines and supplements taken by people with multiple chronic conditions, and the evaluation of the association between age, gender, and the other variables**

**Irini Rapushi**

University of Vlore Ismail Qemali, Albania

**Cow's Milk Protein Allergy (CMPA) - Case Report**

**Jerina Jaho**

University of Vlore Ismail Qemali, Albania

**The level of Vitamin D in the staff of the Faculty of Health, University of Vlore, Albania- The role of educational training- A case-control study**

**Yin Hui**

Peking University, China

**Screen time behavior among school-aged children**

**Joseph Shapira**

The Hebrew University-Hadassah, Israel

**An effectively preventative method to prevent oral self- mutilation in Lesch-Nyhan Syndrome and other developmental disabilities patients**

**Alaa Nabil Mahsoon**

King Abdulaziz University, Saudi Arabia

**Socio-Demographics of Initial Substance Use Exposure and Its Relation to Progression: A Cross-Sectional Study in Saudi Arabia**

**SPEAKER SLOTS AVAILABLE**

**Maxwell Blesdel ADASSI**

University of Maroua, Cameroon

Antidepressant effects of the aqueous lyophilisate of the leaves of *Malvaviscus arboreus* Dill. Ex Cav.against epilepsy associated depression in rats

**Khoo Wooi Chen**

Sunway University, Malaysia

The Role of Statistical Time Series Modelling in Informing Public Health Policy for Infectious Disease

**Ertan Yetkin**

Türkiye Hospital Division of Cardiology, Turkey

Golden Ratio and Cardiovascular System

**Doaa Mahmoud Eisa Sabir**

Hamad Medical Corporation, Qatar

The Association of Hypertension with Increased Mortality Rate During the COVID-19 Pandemic: An Update with Meta-analysis

**Mary Nadine Alessandra**

University of the Philippines Manila, Philippines

Landscape, barriers, and facilitators of scientific productivity in schizophrenia research in Southeast Asia: A bibliometric analysis

**Geraldine Clare Marie P. Negre**

East Avenue Medical Center, Philippines

The effect of phacoemulsification on visual function among Filipino cataract patients measured by a validated Filipino translation of Catquest-9SF

**Merve Yıldırım Canpolat**

Yeditepe University, Turkey

Effect of *Solanum lycopersicum* and *Citrus limon* derived exosome like vesicles on chondrogenic differentiation of adipose derived stem cells

**Wafa Dhouib**

University hospital of Monastir ,Tunisia

Implementation of lung cancer screening programme using low-dose computed tomography among high-risk populations in Tunisia: Preliminary results

**Abu-Elenin Mira M**

Tanta University, Egypt

Physicians 'attitudes and acceptance regarding COVID-19 vaccines: a cross-sectional study in mid Delta region of Egypt

**Muhsin A. Al-Dhalimi**

University of Kufa, Iraq

Dermoscopic evaluation of cutaneous leishmaniasis

**SPEAKER SLOTS AVAILABLE**

**Heba Ahmed Hashem**

Suez Canal University, Egypt

**Ashwagandha Root Extract's Phenolic Compound Counteracts Alloxan's effects on Oxidative Stress, Inflammatory Cytokines, and Peripheral Neuropathy in Rats**

**Yomna Adel Wagih Fahmy Serageldin**

Misr International University, Egypt

**Efficacy of vibration motion in comparison to reciprocation motion in retreatment of root canals obturated with lateral compaction technique: an in vitro study**

**Irshad Sodhar**

Harvard T.H. Chan School of Public Health, USA

**Eradicating polio: A perspective from Pakistan**

**Mehrdad Karajizadeh**

Trauma Hospital, Shiraz University of Medical Sciences

**Effect of Web-based Clinical Decision Support Systems (CDSS) on Management of Venous Thromboembolism (VTE) Prophylaxis in medical patients**

**Pauline Adhiambo Oginga**

Mount Kenya University

**Influence of participatory monitoring and evaluation on decision-making in maternal and newborn health programs in Mombasa County, Kenya**

**Fatemeh Kheradmand**

Urmia University of Medical Sciences

**Suppressing Alpha7 Nicotinic Acetylcholine Receptor Expression to Overcome Sorafenib Resistance in Hepatocellular Carcinoma Cells**

**Dereje Deressa**

Addis Ababa University

**Satisfaction with preoperative education and surgical services among adults elective surgical patients at selected public hospitals in Addis Ababa, Ethiopia**

**Ndzembanteh Aboubakary Nulambenh**

University of Bamenda, Cameroon

**Exploring the moderating role of institutions in the poverty-environment-growth nexus in British and French countries in Africa**

**Ali Faegh**

Alborz University of Medical Sciences

**Aspiration and Sclerotherapy versus hydrocelectomy, a systematic review and a meta-analyses**

**Tamara Michelle Acosta Castillo**

Otorhinolaryngology Unit

**Histological Characteristics of Chronic Allergic Rhinitis Versus Non allergy: Is There a Difference in the Remodeling?**

**SPEAKER SLOTS AVAILABLE**

### **Kopal Singh**

Pediatric and Preventive Dentistry, FIAPD

**Comparative evaluation of physical and chemical properties of surface enamel after application of APF and SDF with or without LASER activation**

### **Ali Abbas**

Centre for Physiotherapy And Rehabilitation Sciences (CPRS)

**Effect of extracorporeal shockwave therapy on adhesive capsulitis in patients with type 2 diabetes mellitus: A systematic review**

### **Wudalew Meselu**

Clinton Health Access Initiative

**Modern Contraceptive Use Among Married Women: Further Analysis of Predictors and Trends, Based on the 2000-2016 Demographic and Health Surveys of Ethiopia**

### **Hatim Soufi**

Hassan II University of Casablanca

**An Insightful Evaluation of Evodiamine Analogs Effect as DNA Topoisomerase I Inhibitors Using QSAR Method**

### **Augustine Daniel Abah**

Dalhatu-Araf Specialist Hospital

**Assessment of ear infection in children attending Dalhatu Araf Specialist Hospital, Lafia**

### **Narges Rahmani**

Islamic Azad University

**Nurses' experiences of the social stigma caused by the COVID-19 pandemic: A qualitative study**

### **Mehdi Shafiei**

Isfahan University of Medical Sciences

**The impact of body mass index changes on traumatic brain injury patients' outcomes during hospitalization**

### **Zakaria HABIBI**

University Hassan II

**Inclusion membranes for the facilitated extraction and recovery of Co (II) and Ni(II) ions from acid medium**

### **Loghman Ebrahimi**

Tabriz University of Medical Sciences

**Opioid requirement and pain intensity after mandibular surgeries with dexmedetomidine administration in two ways: intraoperative infusion versus bolus injection**

### **Swati Chawla**

Amity University

**Wellness Programs an Employee Engagement Technique Pre and during Pandemic: A Systematic Literature Review**

### **Muthiah. Kumaresan**

Madras University

**Enriched 1200 puberphonia patients life with ancestral voice by an innovative, noninvasive successful uvula, the accessory speech organ, resonance manipulation treatment**

# **SPEAKER SLOTS AVAILABLE**

**Ali Akbar Yarahmadi**

University of Medical Sciences

**Barriers to community participation in primary health care of district health: a qualitative study**

**Jeoffray Diendere**

Research Institute for Health Sciences (IRSS)

**A comparison of unhealthy lifestyle practices among adults with hypertension aware and unaware of their hypertensive status: Results from the 2013 WHO STEPS survey in Burkina Faso**

**Saadia Shahzad**

Shalamar Medical and Dental College

**Learning Environment and its Relationship with Quality of Life and Burnout among Undergraduate Medical Students in Pakistan**

**Jishnu Krishna Kumar**

SIMATS, Saveetha University

**Regenerative Tools in Periodontium**

**Sheida kurdi**

Kurdistan University

**Fibrous dysplasia associated with peripheral giant cell granuloma in maxilla in a young patient, a case report of rare hybrid lesion**

**Mobina Hosseini**

Qazvin University of Medical Sciences

**Mastalgia and decrease in sexual satisfaction: sexual behaviors leading to sexual satisfaction and their predictors**

**Nazanin Zibanejad**

Isfahan University of Medical Sciences

**Delirium in a Child in Pediatric Intensive Care Unit**

**Mehran Kouchek**

Shahid Beheshti University of Medical Sciences

**A survey of demographic properties of patients who died in intensive care units and their association with the death hour**

**Oluwafemi Ayodeji IDOWU**

National Open University of Nigeria

**Microbial Assessment of Drinking Water Contamination: A Case of The Wassa Internally Displaced Persons Camp in Federal Capital Territory, Abuja, Nigeria**

**Ashish Sinha**

Pt JNM Medical College

**Extent and determinants of nutritional challenges and morbidity pattern among sickle cell children of Chhattisgarh, India**

# Testimonials

## **Tahmineh Azizi**

University of Wisconsin-Madison, USA

I sincerely thank you for organizing the Future of PMPH 2023. I appreciate you for managing every moment and making the online atmosphere of the conference very productive and relaxing.

Everything was perfect. Your highest level of professionalism is well appreciated. Such a scientific sessions involves enormous amounts of time and energy. It was a perfect mix of topics, people, science and social gathering. I wanted to thank you very much for your excellent selection of speakers which has turned out to be a successful and highly stimulating conference. I would like to thank you for the most wonderful conference. It was a fruitful and amazing time for me.

## **Maria Bowie**

University of Georgia, USA

I thought the quality of the talks I saw was very good.

It will help me better prepare for future opportunities to present internationally.

I thought that the organizers did a good job of getting a nice mix of presenters there.

## **Bernard Sinclair-Desgagne**

Universite Cote d'Azur (GREDEG), France

I enjoyed participating in this conference.

I found the conference well-organized and professional.

## **David Ohreen**

Mount Royal University, Canada

I enjoyed the quality of talks...very interesting and engaging.

I thought the conference contributed to my professional development.

# Testimonials

## **Agustin de la Herran Gascon**

Autonomous University of Madrid, Spain

I am very grateful to have participated in your excellent Future of PMPH 2023 event.

The organization and the presentations were outstanding. I think the speakers were well selected. Those I heard were of high quality and did contribute to everyone's professional development. Thank you very much for the effort invested and the magnificent result achieved.

In particular, I thank you for your kind and efficient treatment, which made me feel perfectly oriented at all times.

I hope we can collaborate in the future.

## **Sofia Veiga**

Polytechnic Institute of Porto, Portugal

The talks I attended were of great quality. I particularly appreciated their investment and quality, many of them very dynamic and with well-supported studies.

I especially appreciated the communication on empathy (The Limits of Empathy in healthcare, by David Ohreen), as it is a relevant area for my professional field.

## **Ali Ahmadi**

York University, Canada

Thanks for conducting this valuable conference and inviting us for giving speech.

I appreciate your kind efforts.

## **Agata Skalska-Stochaj**

Stanisław Staszic State University of Applied Sciences in Piła, Poland

The quality of the lectures at a high level, but they could be more careful about the time allotted to them. The speech contributed to my professional development and experience (does the conference have educational points?). The speakers were chosen correctly.

# Testimonials

## Nevena Josipovic

MaeDENTIS, Slovenia

Thank you once again for your invitation for the congress.

Congress was well organized and the quality of speakers were also very well!

## Savani Sameer Futane

MPGIMER, India

It was a pleasure to present my work on this prestigious platform.

The conference was very well organized and was started on time.

The organizing team was very supportive and very prompt in helping and responding.

I wish all the success for your future conferences.

## Mirza Kovacevic

Cantonal Hospital Zenica, Bosnia and Herzegovina

The quality of lectures was excellent. Given that the selection of lecturers was diverse, I had the experience to connect with a large number of medical disciplines and in this way to exchange opinions. My professional development with this conference will contribute to my further advancement in the academic sense and ideas in further research. Peers Alley Media, Canada did a good job selecting different speakers for sessions. Kudos to all the organization and members of the organizing committee who gave great importance to this event.

I appreciate being invited to this conference, and especially to be one of the speakers.

I hope for further cooperation

## Sevdal Fatullayeva

Institute of Catalysis & Inorganic Chemistry, Azerbaijan

First of all, I would like to thank you for accepting my report to such a prestigious international conference.

In my opinion, the organization of the conference was at a very high level and the reports were very interesting.

I wish you further success in organizing such important events.

# Testimonials

## Mohana Das

The Hong Kong Polytechnic University, Hong Kong

I had the opportunity to attend the conference, and I must say that the quality of the talks was excellent. The sessions were well-organized and engaging, with speakers who had a wealth of knowledge and experience in the field. I found the topics discussed to be relevant and thought-provoking, providing valuable insights that I could apply to my work.

Attending the Future of PMPH 2023 event has definitely contributed to my professional development. The conference provided an excellent opportunity to network with like-minded professionals, learn about the latest trends and developments in the field, and gain insights from industry experts. The sessions helped me broaden my knowledge and skill set, and I came away with valuable takeaways that will help me enhance my work in the future.

Regarding Peers Alley Media, Canada's role in selecting speakers, I think they did an excellent job. The speakers were highly knowledgeable and experienced, and they provided valuable insights and perspectives on the topics discussed. The organization of the conference was top-notch, and the team did an excellent job ensuring that the sessions were thought-provoking and informative.

Overall, I am extremely pleased with my experience at the Future of PMPH 2023 event. I highly recommend this conference to anyone in the field who wants to stay up to date with the latest trends and developments, network with fellow professionals, and gain valuable insights from industry experts.

## Samuel Ampadu OTENG

Lingnan University, Hong Kong

It was an enjoyable experience at the 3rd International Conference on Future of PMPH 2023. The level of expertise and knowledge of the presenters were excellent. In addition, I appreciate their positive attitudes, willingness to explain concepts, and opportunities to ask questions.

Peers Alley Media did a great job in putting together diverse topics on public health from different cultural settings. I've learned a great deal for application in both my research and my profession.

Congratulations Peer Alley Media and thank you for the opportunity.

## Lyazzat Kosherbayeva

Asfendiyarov Kazakh National Medical University, Kazakhstan

Very interesting to exchange experience of different countries. It will help to find new area to collaboration and works. I like the support from Peers Alley Media.

# Testimonials

## **Noha Walid Shatila**

Makassed General Hospital, Lebanon

The variety of presentations was very well received. I don't think anyone was not excited for the upcoming talks due to the different topics and ideas everyone had. This really positively impacted my view and knowledge overall. The speakers were all well versed, knowledgeable and quite interesting. Looking forward for next year's lineup.

# SPEAKER'S TESTIMONIALS

**FUTURE OF PMPH 2022**

<https://healthcare.peersalleyconferences.com/>

# Testimonials

**Angela N. Buffenn**

University of Southern California, USA

The program had an excellent speakers from different parts of the world, who are experts in their field. The meeting definitely contributes to the professional development of all presenters. Peers Alley Media, Canada did a great job selecting speakers for the event. Thank you.

**Steven Loh**

Nanyang Technological University, Singapore

Let me first start off with congratulations to the team for organising this successful event!

The quality of talks is reasonably good with a mix of diversities, that in my opinion, benefits participants and audiences who come from various fields. This selection is in-line with current trend of cross discipline exploration and research collaborations.

For the reason above, I feel that this conference provided eye-opening experience and raised interesting ideas that may help in my work. Peers Alley Media, Canada did a remarkably good job and I wish to thank you all for your great effort.

Thank you for the great job once again, cheers to all!

**Jessie Childs**

University of South Australia, Australia

The conference was good and the quality was great.

**Monica Benvenuto**

University of Rome "Tor Vergata", Italy

Thank you for the wonderful opportunity!!

The conference was very interesting and the quality of the talk was very high. I have enjoyed the conference. It was a great experience to listen to the studies and thoughts of researchers all over the world.

Thanks to Peers Alley Media Canada for providing this platform to share my research with other researchers with diverse expertise in medicine.

# Testimonials

## Marina F. Gubkina

Central TB Research Institute, Russia

Thank you for the opportunity to share my knowledge with a broad audience.

I should note the high level of organization at each stage of the conference: accuracy and perfect coordination at the preparation stage, rapid access to all necessary information, high quality of conference materials (programme, collection of abstracts).

Multidisciplinary presentations and a wide range of represented countries has raised interest to the conference, allowed expanding scientific horizons and hoping that scientific collaboration between different countries for the health of humans will remain beyond political differences of the countries.

## Aissetu Barry Ibrahima

Northeastern Illinois University, USA

Thank you so much for the acknowledgement and recognition.

It was a great conference. The diversity of speakers in every way has been enriching by itself. Great Work!

I wish I was able to attend it face to face. It would have been phenomenal!!!

## Jorge Mandl Stangl

Ministerio Popular para la Salud, Venezuela

First of all, my sincere congratulations to the whole team for their organisational efforts, both in Canada and in London. I understand how difficult it is to organise and run such events, especially in difficult times like these.

As for the quality of the presentations: all were concise, clear, cohesive and on time.

Undoubtedly, the great expertise of the speakers and the diversity of topics covered, allowed us to increase the knowledge for our professional life.

I think the best was the diversity in the selection of participants. Normally such conferences end up with a program focused on medical care. This was not the case at Future of PMPH 2022, where the multi-diplinarity of public health was the north of the program. Another good thing that I think should be highlighted was the inclusion of the abstracts in the program information booklet, which allowed us to prepare our questions and doubts well in advance.

# Testimonials

## **Roberto Sanchez**

University of Concepcion, Chile

Personally, it has been very rewarding for me, especially when I am close to my retirement as an academic. Together with my wife we had a wonderful stay in London, at a very special stage of our lives.

The organization and team of Peers Alley Media, who assisted us, were very friendly and professional. My congratulations.

## **Peter Walton**

Independent Researcher, UK

I presented a paper at the 2<sup>nd</sup> International Conference on the Future of Preventive Medicine and Public Health held in London in March 2022. The quality of the talks was outstanding, and the themes which were covered were wide-ranging. All the talks were of great interest.

The conference certainly contributes to professional formation and offers ample opportunity to meet and exchange ideas with others working in related fields.

Peers Alley Media organised the event with professionalism and competence. It was a pleasure to be able to attend.

## **Oliva Maria Eugenia**

National University of Litoral, Argentina

The quality of talks are very interesting.

## **Christoph Lutge**

TUM Institute for Ethics in Artificial Intelligence, Germany

It was a great conference!

# Testimonials

## Jungyoon Choi

Vanderbilt University Medical Center, USA

I'm quite satisfied with the quality of talks at PMPH 2022.

Despite all the difficulties, full assistance was given by the management and made me feel confident. And I enjoyed the meeting.

Although I participated in this conference via virtual meeting, the global connection encouraged me. Also, presenting and sharing opinions with global experts could contribute to my professional development. I really appreciate this opportunity.

Yes, I'm quite satisfied with talks and sharing ideas about public health in diverse topics from all over the world. Thank you so much!

I'm so honored to be invited to this PMPH, and grateful to be the recipient of this award.

I really enjoyed this conference and look forward to the future PMPH also! Thank you so much for all your support!

## Supattra Changsuphan

Sukhothai Thammathirat Open University, Thailand

The conference achieved its objectives and was valuable to support healthcare professionals.

Overview, the knowledge can guide the idea to contribute to healthcare professionals' jobs.

Many topics are related to my field, and I can apply the idea to my job. For example, engagement of care for older adults and the care program for preventing and caring in the institute and community.

Peers Alley Media, Canada, did a great conference. The speakers have more experience related to their fields. That is nice to have speakers from any part of the world to share.

# Testimonials

**Yu-Ju (Julia) Huang**

University of Houston, USA

First of all, I would like to address that this conference is a great event and provides a platform for people from public health and prevention medicine to share their research, clinical observations, and cases with people around the world. I did enjoy the participation and learned from other scholars.

The talks are good. I appreciate the conference committee arranged diverse topics to present. The facilitator did a great job in connecting the presentations.

I like the missions and purposes of the Future of PMPH. I strongly support and agree with them. I also believe the conference committee could create an international platform for people to discuss research and hot issues from the channel that has been created by your institute and develop their professional competence.

I suggest hosting professional continuing education workshops, seminars, or webinars may be very particular months. Therefore, more people will be aware of your institute and hope there will be more people to participate in the annual conference.

The Peers Alley Media Canada did an excellent job arranging speakers and topics for the sessions. It is very challenging to organize the people worldwide and set their presentations at times suitable for them. I appreciate that my presentation time was arranged at noon in my local time. My energy was great to present.

I look forward to participating in future events with your institution.

It has been my honor to be invited to present at the conference.

Thank you very much for your coordination of the event and for supporting my presentation throughout the whole process.

I look forward to participating in the conference again or events with your institute in the near future.

**Mahmoud Rokaya**

Taif University, Saudi Arabia

They were excellent however the diversity was extreme considering my domain and the domain of most talks were from medicine and related fields.

It is very far from my own topic, however listening to people from outside the domain might give very excellent ideas to go ahead.

No comment, all are excellent in their domain. Very good achievement.

**Qinwei Fu**

Chengdu University of Traditional Chinese Medicine, China

Many thanks for your invitation and ask. It's my first time to attend international conference, and I think the Future of PMPH 2022 is perfect.

To be honest, it's good for me, which provided me with knowledge of new advances.

# Testimonials

## Joana Filipa Barbosa Teixeira

REQUIMTE-LAQV-Instituto Superior de Engenharia do Instituto Politecnico do Porto, Portugal

PMPH2022 combined renowned researchers, scientists and students to exchange ideas, to present sophisticated research works and to discuss hot topics and share their experiences on all aspects of Preventive Medicine and Public Health. This conference presented a wide variety program consisting of lectures covering all topics in Preventive Medicine and Public Health.

This event aimed to attract global participants promoting the sharing, exchanging and exploring of new developments of Preventive Medicine and Public Health. Moreover, the conference offers a valuable platform to create new contacts in this field, by providing valuable networking time for the participants to exchange contacts.

The lectures presented different appealing subjects that motivated the audience for a beneficial discussion with the speaker.

Hope to see you next year!

## Nu Quy Linh Tran

Griffith University, Australia

I only joined two half days of the conference. In my opinion, the virtual conference was organized well, on time, and follow the timetable. The speakers came from different fields and they had shared many interesting topics. The speakers had well prepared their slides and had great speaking.

I had opportunities to listen to many hot and interesting topics, especially in economic, health, and social recovery after the Covid-19 pandemic. After the conference, I have some ideas for my future research ideas.

The speakers were well selected and they are experts in their fields. They had great presentations.

Thank you for your support and hope to see you at the 2023 conference.

## Xiaolei Liu

West China Hospital, Sichuan University, China

The quality of talks at Future of PMPH 2022 are good. Got some experience in the conference sharing. Peers Alley Media, Canada, did a good job.

# Testimonials

## Kathy Shum

The University of Hong Kong, China

Thank you for coordinating the conference. The logistics arrangements were well managed.

## Gunjan Bahuguna

All India Institute of Medical Science, India

Thank you so much for inviting me as a speaker at the 2nd International Conference on Future of Preventive Medicine and Public Health 2022.

The quality of the talks was extremely good, than you for this academic fest.

I definitely look forward to it in the future and pass is on to my colleagues as well. Thank you so much and many congratulations for making it a great success.

## Avinash Hanbe Rajanna

Rajiv Gandhi University of Health and Sciences (RGUHS), India

The selected talks where excellent.

## Sonika Sangra

GMC Kathua, India

The quality of talks were very interesting and learned a lot.

This kind of conference with sharing platform at international level leads to the professional enhancement at every level. Peers Alley Media done an excellent job.

# Testimonials

## **Ashraf Mansour**

University of Al Fashir, Sudan

The quality of the conference is excellent because I learned new knowledge from different aspects of medicine.

## **Deepa Selvi Rani**

CSIR-Centre for Cellular and Molecular Biology, India

The quality of talks at Future of PMPH 2022 are very good.

Very good.

## **Mahla Daliri B.O**

Mashhad University of Medical Sciences, Iran

Thank you so much for holding this great event.

Almost all presentations were high quality talks.

I have learned a lot about different aspects and vast range of health activities and research in preventive medicine and public health.

## **Anna Seitero**

Linköping University, Sweden

Thank you, the conference gave me an opportunity to present my research and practice and develop skills. This was my first international conference and in my opinion, the quality of the presentations was good and I enjoyed to listening to the presentations.

# Testimonials

## **Zdzislaw Kieliszek**

University of Warmia and Mazury  
in Olsztyn, Poland

Very high. All the papers were very interesting  
and the topics raised were topical.

## **Maria Velana**

Dortmund University of Technology,  
Germany

"It is an honour to be invited to participate in the international conference Future of PMPH 2022 and I was delighted to be there. The quality of talks and above all, the human qualities of the researchers who introduced their studies and shared their experiences with the audience, contributed to the success of this event. Furthermore, the commitment and the efficiency of the organization committee was really exceptional, as they were always ready to help the participants with any issue they encountered. Overall, it was a very positive experience and I look forward to the next event."

Thanks again for hosting this wonderful conference!

## FUTURE OF PMPH 2021

<https://healthcare.peersalleyconferences.com/>

# Testimonials

**Nana Amma Acheampong**

University of Maryland Global Campus, USA

Thanks for your email. I wish to extend my sincerest gratitude to you and your team for the opportunity to participate in the conference. Indeed, you put together a successful conference and the presentations were stimulating. The host did an excellent job and I commend him for his professionalism and patience.

**Neetu Talreja**

University of Concepcion, Chile

It was very nice to participate in the conference. The quality of the talks was nice and nice to gain the knowledge of research from other international participants. I love to share my knowledge with other researchers and also love to know the research of others that's why I love conferences a lot. Nevertheless, it gives me knowledge about recent progress in infectious disease. It was a good selection of speaker from the international research community. I am happy with this.

**Rebecca Pratiti**

McLaren Health Care, USA

The conference had a broad range of public health topics that were discussed by speakers from varied settings including clinicians, epidemiologists, economists, etc. Hence it gave exposure to different public health problems from different countries. Thanks for your time and kind consideration.

**Hemant Thakur**

V.A. Medical Center, USA

The speakers came from diverse background from different countries and it was important to hear what is going on in other countries and problems they are researching. Researchers were doing research in diverse area which can be valuable to preventive care in future. Peers Alley Media did chose thought provoking diverse speakers.

# Testimonials

## Ana Claudia Trocoli Torrecilhas

Federal University of Sao Paulo (UNIFESP), Brazil

The quality of talks at Future of PMPH 2021 is very high quality. The presentation are diverse. Peers Alley Media, Canada did an excellent job in selecting speakers.

## Kristen M Agena

A.T. Still University of Health Sciences, USA

I thought the talks were very good with a great range of topics. However, due to the extreme range of content, I felt that only about half of those that I watched covered content beneficial to my professional endeavors. The conference staff did a good job.

I enjoyed being a part of the conference and appreciate the opportunity to present on my paper.

## Dorit Avni

MIGAL - Galilee Research Institute, Israel

The event was extremely well organized, not only at the event itself but before as well. It was handled professionally on your side and conducted fluently. Regarding the speakers, as these kind of events are the places we can contact new researchers for future collaboration. Many thanks for invited me, I have enjoyed the event.

## Nazia Mumtaz

Riphah International University, Pakistan

Thanks for your email.

The quality of talks at Future of PMPH 2021 are good. I joined twice during the event & saw participants from different countries. Some of the content was really up to mark. The topics selected were well thought and delivered.

# Testimonials

**Patrizia Guidi**

University of Pisa, Italy

The presentations were of good quality. Not all presentations dealt with topics close to my interests, however most of them were interesting to me. However this could in establishing contacts for international projects, I hope! The selection work was good even if the sequence of relations was not always consistent, perhaps due to the different time zones.

**Marta Madalena Marques de Oliveira**

Instituto Politécnico do Porto, Portugal

The quality of the talks were good and covered a wide range of topics. I enjoyed the conference because I could learn new approaches presented by other researchers and I could also make new contacts. Participation at this conference allowed me to know complementary research areas, learn about them and plan some future collaborations.

**Adrian Lopez Alba**

12 de Octubre University Hospital, Spain

I think that there was a high quality congress. The experience was a great. I really enjoyed the conferences and I learn a lot. I think that the congress will help positively for my personal development. I think that Peers Alley Media did a great job. I hope that there will be a new Future of PMPH on 2022.

**Maher Khader Mustafa**

Queen Rania Children Hospital,  
Royal Medical Services, Jordan

Thank you a lot for this respectable conference. It seems to me that the quality of talks was very good. I enjoyed and loved the meeting. I guess it will be helpful in my work. Also I believe that Peers Alley Media, Canada did great job.

# Testimonials

## **Muhammad Hanif**

Hayatabad Medical Complex, Pakistan

The quality of talk was amazing and speaker presented their topic in a great and professional manner. I really enjoyed every minute of it. I am really thankful to you because this presentation will help me a lot in future. This conference help me to learn from highly professional speakers that how to present your work. I really appreciate the job of your organization and indeed the host was very humble. I am looking forward to work with you in near future. Thank you very much.

## **Rajan Ghimire**

District Hospital, Nepal

It was really a wonderful experience for me and I must say that organizational part was also excellent despite ongoing pandemic.

## **Nana Amma Acheampong**

University of Maryland Global Campus, USA

What a great event and an impressive quality of talks at Future of PMPH 2021. Kudos to the host of the two-day conference whose adroitness in managing presenters' speaking time and the minor technological glitches that popped up, did a whole lot of good to enhance the quality of talks during the sessions. More so, the talks offered a unique array of presentations based on meaningful content that highlighted the problems and solutions for public health.

## **Hassan Vatandoost**

Tehran University of Medical Sciences, Iran

The conference was conducted excellent. I enjoyed and learned too much. We had some discussion with presenters and wish to have bilateral collaboration with them in the future. All the answers of questions is excellent.

# Testimonials

## **Saima Ejaz**

Department of Physiology, University of Karachi, Pakistan

The quality of talks at Future of PMPH 2021 was great. It was good experience listening from experienced doc and professor. Yes, it helped to communicate internationally. Peers Alley Media did a great job in making this event successful.

## **Huan-Huan Wei**

Chinese Academy of Sciences, China

Peers Alley Media did great job in organizing the meeting, including the design of the conference book and arrange of the speakers.

## **Amir Hossein Mahvi**

Tehran University of Medical Sciences, Iran

I have to seen that the level of the conference was high scientific and it was very useful for my future researches and teaching. I appreciate so much the work done to conduct such very excellent webinar. I hope to cooperate in future.

## **Diah Indriani**

Universitas Airlangga, Indonesia

This was an awesome conference with a lot of speakers which gave a lot of great research. Peers Alley Media has been very good at managing speakers. Thank you for organizing this conference very well. Thank you.

# Testimonials

## **Muhammad Ahmad Alamgir**

Bahawal Victoria Hospital / QAMC  
Bahawalpur, Pakistan

I hereby express gratitude and appraisal to the Future of PMPH and peers alley media for holding an international conference. All the speakers had innovative and intellectual talks. This conference has been a platform for transformation of academic knowledge for the health care professionals and the public as well. I also appreciate the best services of program director and other concerned personnas.

## **Ralph Udeh**

University of Newcastle, Australia

It was a great pleasure to attend that conference. Thanks once again.

## **Shrabanti Maity**

Vidyasagar University, India

It was a great experience. Hope in future will get such wonderful chance.

# Testimonials

## **Subhrajit Mukherjee**

Indian Institute of Technology Kharagpur, India

It was really a great experience to be a part of such a wonderful international conference, The Future of PMPH 2021. I consider myself very minimal in front of such high impactful & notable jury of people invited as honorable speaker. The vast quality and distributed field of eminent researchers were the main source of inspiration for the spectators or audiences. I think this actually helped everyone to gather huge knowledge unknown & interesting facts during this pandemic situation. I feel this level of conferences should be taken forward for the betterment of mankind as well as society. Moreover, it will actually help all of us to relate our own research with medical or healthcare field. I personally appreciate the huge level of support & coordination from your entire PMPH team management. PMPH service should be applauded in all formats. Really great work done during such tough times. It was a great pleasure to contribute minimum from my end. I am also interested and looking forward to attend such conferences by the Peers Alley Media in the upcoming days. Thanking you.

## **Nana Amma Acheampong**

University of Maryland Global Campus, USA

The two-day conference has been truly beneficial and a great learning experience for me. Thanks to this conference, I can confidently add public speaking to my list of skills. I learned a lot from listening to the engaging and extremely insightful presentations from seasoned researchers and practitioners in the medical and other related fields. I believe the best practices I learned from the competent line up of speakers would help me a great deal in my professional life. Most importantly, the conference offers remarkable opportunities to network and collaborate with other researchers in the future. Peers Alley Media did not disappoint with an impressive line-up of competent and dynamic speakers whose presentations were not only of high quality but also contributed to the advancement of the research on public health.
