# WHO SHOULD ATTEND?

University  
of Suffolk

**LUIZ MOUTINHO**

University of Suffolk, UK

**Dear Esteemed Participants and Distinguished Colleagues,**

It is with great pleasure that we welcome you to the **5th Global Summit on Advances in Mental Health and Psychiatry: Science, Care, and Innovation**, taking place on **JUNE 21–22, 2027** in **Singapore**.

This congress promises to be an enriching and thought-provoking experience, bringing together an incredible line-up of world-renowned scientists, clinicians, researchers, and mental health professionals from across the globe—including the USA, Germany, Denmark, Hungary, Argentina, Greece, Colombia, Australia, Portugal, Brazil, Italy, Israel, Switzerland, China, Japan, Korea, and India.

Over two days, participants will engage in a vast array of scientific discussions covering cutting-edge themes—from AI in neuroimaging, psychopharmacology, brain–computer interfaces, and neuroethics, to neurophysiology, neurostimulation, the neurobiology of addiction, dual diagnosis, behavioral addictions, psychedelic-assisted therapies, and digital health innovations. Equally important are the sessions addressing holistic care models, public health policy, stigma reduction, suicide prevention, youth mental health, and workplace well-being.

This diverse and comprehensive program is designed to stretch our minds, inspire collaborations, and push the boundaries of research, clinical practice, and innovation in mental health and psychiatry.

On behalf of the organizing committee, we warmly welcome you to Singapore and to this global platform of ideas, insights, and innovation.

With best regards,

**Luiz Moutinho**

University of Suffolk, UK

## **JAMES Z. LIU, MD, PHD**

First Institute of All Medicines, USA

**Dear Colleagues and Friends,**

Building on the spirit and shared vision we affirmed at **Mental Health 2027** in **Singapore**—where mental, clinicians, researchers, advocates, educators, public health leaders, and policymakers from across the globe united to advance evidence-based care, promote equity, drive innovation, and combat stigma—we are honored to invite you to the **5th Global Summit on Advances in Mental Health and Psychiatry: Science, Care, and Innovation (Mental Health 2027)** held during **JUNE 21-22, 2027** in **Singapore**.

Mental Health 2027 will convene leading experts and emerging voices to:

- **Advance Scientific Knowledge:** Present groundbreaking research spanning mental health, psychology, and the social determinants influencing mental health and psychiatry.
- **Strengthen Global Partnerships:** Forge new collaborations and expand networks that transcend disciplines and borders.
- **Champion Equity & Access:** Highlight successful models and policy initiatives that ensure high-quality, stigma free care for all communities.
- **Showcase Innovation:** Explore digital health tools, novel therapeutics, and integrated care paradigms transforming prevention, treatment, and recovery.
- **Protect Vulnerable Populations:** Focus on trauma-informed approaches for youth, marginalized groups, and those affected by crisis or conflict.

We warmly invite you to be part of our mission to shape a future where access to neurological care, mental well-being, and recovery is a reality for all—irrespective of location or life situation. Whether you're sharing groundbreaking research, facilitating an engaging workshop, or contributing to dynamic conversations, your knowledge and dedication are vital to driving our shared vision forward.

Together, let us continue the momentum from Berlin and reaffirm our commitment to transforming the landscape of brain disorders, psychiatry and mental health care worldwide. By uniting our expertise and vision, we aim to drive meaningful, global advancements that improve lives and redefine the future of brain and mental health care.

We look forward to welcoming you to Mental Health 2027!

With warm regards,

**James Z. Liu, MD, PhD**

# PRESENTATION FORUM

01

## **KEYNOTE FORUM / MINI-PLenary SESSIONS**

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

## **DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)**

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

02

03

## **STUDENT FORUM / POSTER SESSION**

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

## **YOUNG INVESTIGATORS FORUM**

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.
