5TH GLOBAL SUMMIT

ADVANCES IN MENTAL HEALTH AND PSYCHIATRY: SCIENCE, CARE AND INNOVATION

Theme: "Advancing Mental Health Care Through
Cutting-Edge Neuroscience, Innovative Therapies,
and Translational Psychiatry"

2027

JUNE 21-22

SINGAPORE

SUB THEMES

- Digital Mental Health & Technology
- Neuroscience and Psychiatric Research
- Genetics and Epigenetics in Psychiatry
- Innovations in Psychopharmacology
- Neuromodulation and Emerging Therapies
- Early Intervention and Preventive Psychiatry
- Global Mental Health and Policy Innovation
- Rehabilitation, Recovery, and Community Care
- Child, Adolescent, and Youth Mental Health
- Geriatric Psychiatry and Cognitive Health
- Women Leaders in Mental Health: Driving Innovation and Advancing Psychiatric Care

WHY TO ATTEND?

What you take

Attending mental health and psychiatry conference provides a valuable opportunity to engage with leading professionals, explore emerging trends in medicine and mental health, and gain insights into innovative approaches. Such participation is instrumental for career growth, offering enhanced clinical knowledge, expanded skills, and new avenues for collaboration and professional advancement

JULIET HAARBAUER-KRUPA

Emory University School of Medicine
Atlanta, GA, USA

Dear Esteemed Participants and Distinguished Colleagues,

It is with great pleasure to welcome you to the **5th Global Summit on Advances in Mental Health and Psychiatry: Science, Care, and Innovation** which is taking place **June 21-22, 2027** in **Singapore**.

This conference is an opportunity to engage in enriching and through-provoking experience, bringing together an outstanding line up of world-renowned scientists, clinicians, researchers and mental health professionals from many countries, including USA, Germany, Denmark, Hungary, Argentina, Greece, Columbia, Australia, Portugal, Brazil, Italy, Israel, Switzerland, China, Japan, Korea and India.

The conference is held over two days, giving participants to learn and engage in scientific discussions covering several themes, that include, neuroimaging, neurostimulation, the neurobiology of addiction, dual diagnosis, behavioral addictions, psychedelic-assisted therapies, and digital health innovations. Sessions will also address holistic care, models of public health policy, stigma reduction, suicide prevention, youth mental health and workplace well-being.

This summit offers a great opportunity to learn more about advances in mental health in several countries with different cultures. On behalf of the organizing committee, we welcome you to the conference and to this global platform of ideas, insights and innovation.

Sincerely,

Juliet Haarbauer-Krupa

Emory University School of Medicine
Atlanta, GA, USA

LUIZ MOUTINHO

University of Suffolk, UK

Dear Esteemed Participants and Distinguished Colleagues,

It is with great pleasure that we welcome you to the **5th Global Summit on Advances in Mental Health and Psychiatry: Science, Care, and Innovation**, taking place on **JUNE 21–22, 2027** in **Singapore**.

This congress promises to be an enriching and thought-provoking experience, bringing together an incredible line-up of world-renowned scientists, clinicians, researchers, and mental health professionals from across the globe—including the USA, Germany, Denmark, Hungary, Argentina, Greece, Colombia, Australia, Portugal, Brazil, Italy, Israel, Switzerland, China, Japan, Korea, and India.

Over two days, participants will engage in a vast array of scientific discussions covering cutting-edge themes—from AI in neuroimaging, psychopharmacology, brain–computer interfaces, and neuroethics, to neurophysiology, neurostimulation, the neurobiology of addiction, dual diagnosis, behavioral addictions, psychedelic-assisted therapies, and digital health innovations. Equally important are the sessions addressing holistic care models, public health policy, stigma reduction, suicide prevention, youth mental health, and workplace well-being.

This diverse and comprehensive program is designed to stretch our minds, inspire collaborations, and push the boundaries of research, clinical practice, and innovation in mental health and psychiatry.

On behalf of the organizing committee, we warmly welcome you to Singapore and to this global platform of ideas, insights, and innovation.

With best regards,

Luiz Moutinho

First Institute of All Medicines, USA

Dear Colleagues and Friends,

Building on the spirit and shared vision we affirmed at **Mental Health 2027** in **Singapore**—where mental, clinicians, researchers, advocates, educators, public health leaders, and policymakers from across the globe united to advance evidence-based care, promote equity, drive innovation, and combat stigma—we are honored to invite you to the **5th Global Summit on Advances in Mental Health and Psychiatry: Science, Care, and Innovation (Mental Health 2027)** held during **JUNE 21-22, 2027** in **Singapore**.

Mental Health 2027 will convene leading experts and emerging voices to:

- **Advance Scientific Knowledge:** Present groundbreaking research spanning mental health, psychology, and the social determinants influencing mental health and psychiatry.
- **Strengthen Global Partnerships:** Forge new collaborations and expand networks that transcend disciplines and borders.
- **Champion Equity & Access:** Highlight successful models and policy initiatives that ensure high-quality, stigma free care for all communities.
- **Showcase Innovation:** Explore digital health tools, novel therapeutics, and integrated care paradigms transforming prevention, treatment, and recovery.
- **Protect Vulnerable Populations:** Focus on trauma-informed approaches for youth, marginalized groups, and those affected by crisis or conflict.

We warmly invite you to be part of our mission to shape a future where access to neurological care, mental well-being, and recovery is a reality for all—irrespective of location or life situation. Whether you're sharing groundbreaking research, facilitating an engaging workshop, or contributing to dynamic conversations, your knowledge and dedication are vital to driving our shared vision forward.

Together, let us continue the momentum from Berlin and reaffirm our commitment to transforming the landscape of brain disorders, psychiatry and mental health care worldwide. By uniting our expertise and vision, we aim to drive meaningful, global advancements that improve lives and redefine the future of brain and mental health care.

We look forward to welcoming you to Mental Health 2027!

With warm regards,

James Z. Liu, MD, PhD

The Mental Health Organizing Committee

Dear Esteemed Participants and Distinguished Colleagues,

It was a privilege to participate in the 4th **Global Summit on Advances in Mental Health and Psychiatry: Science, Care, and Innovation 2026**. The conference provided a good platform for researchers, clinicians, educators, and healthcare professionals from around the world to exchange innovative ideas, share cutting-edge research, and discuss emerging approaches to improving mental health care.

I would like to encourage my colleagues, researchers, and peers to participate in the upcoming **Advances in Mental Health and Psychiatry Conference** in Singapore, which will be held on June 21–22, 2027. This conference not only offers an excellent opportunity to present your research, engage with leading experts, establish valuable collaborations, but also to stay informed about the latest scientific and clinical advancements in mental health and psychiatry.

The meeting offers a multidisciplinary environment that promotes learning, networking, and creativity regardless of your interests in basic research, clinical practice, public health, neurology, psychology, or pharmaceutical sciences.

I am confident that your participation will contribute to the advancement of the field and provide you with a good platform and meaningful opportunities for professional growth and collaboration.

I look forward to reconnecting with many of you in Singapore as we continue collaborating to advance mental health research, improve patient care, and promote innovative solutions to global mental health challenges.

Best regards,

Victor C. Nwankwo

PRESENTATION FORUM

01

KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

02

03

STUDENT FORUM / POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

04

05

EDUCATIONAL WORKSHOPS/RESEARCH WORKSHOPS/ CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

HIGHLIGHTS OF THE DAY SESSIONS

"Highlights of the Day Sessions" is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

06

07

MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

Attending a Conference isn't all
about Learning and Networking

DISCOVERING

A right choice of conference destination
is an important aspect of any
international conference and keeping
that in consideration, Mental Health
2027 is scheduled in the Beautiful city
'Singapore'.

SINGAPORE

Singapore, a dynamic city-state nestled in Southeast Asia, beckons travellers with its unique blend of cultural richness, technological advancements, and unparalleled experiences.

Cultural Diversity: In Singapore, cultures converge harmoniously, offering visitors a tantalizing journey through Chinese, Malay, Indian, and Western traditions. Explore vibrant neighbourhoods like Chinatown, Little India, and Kampong Glam to immerse yourself in their distinct flavors, colours, and aromas.

Modern Marvels: Marvel at Singapore's architectural wonders, from the iconic Marina Bay Sands complex to the futuristic Gardens by the Bay. Take a ride on the Singapore Flyer for panoramic views of the city skyline or indulge in thrilling attractions on Sentosa Island.

Culinary Delights: Singapore's food scene is legendary, boasting a kaleidoscope of flavors that tantalize the taste buds. Sample authentic dishes at bustling hawker centers, from savory Hainanese chicken rice to rich and fragrant laksa.

Shopping Paradise: Shopaholics rejoice in Singapore's myriad shopping destinations, from luxury boutiques along Orchard Road to eclectic markets like Bugis Street. Whether you seek designer labels or unique souvenirs, Singapore offers something for every shopper.

Technological Innovation: Experience firsthand Singapore's commitment to technological advancement and innovation.
