

# ? WHO SHOULD ATTEND

Pediatricians | Neonatologists | Pediatric Surgeons | Pediatric Nurses | Child Neurologists | Pediatric Residents | Pediatric Oncologists | Neurological Surgeons | Child Cardiologists | General Physicians | Neonatal Oncologists | Neonatal Nurses | Infant Dermatologists | Pediatric & Neonatology Professors | Academics | Research Associates | Pediatric Medical Fellows

# PEDIATRICS AND NEONATOLOGY WORLD CONGRESS 2020

September 14-15, 2020 | VANCOUVER, CANADA

2

DAYS WITH MORE THAN 45 SESSIONS, KEYNOTES & TALKS

12+

INNOVATIVE FEATURED SPEAKERS

20+

HOURS OF NETWORKING EVENTS

60+

INTERNATIONAL SPEAKERS

125+

EDUCATIONAL SESSIONS

# PRESENTATION FORUM

## KEYNOTE FORUM / MINI-PLenary SESSIONS

Presentations under Keynote Forum or Mini-Plenary Sessions includes abstracts with remarkable research value selected by the program committee. These significant speeches are delivered by globally recognized honorable speakers and it is open to all registrants.

## DISTINGUISHED SPEAKERS FORUM (ORAL ABSTRACT SESSIONS)

In this forum, speakers and experts of the research field gets an opportunity to showcase their noble research work that involves comprehensive research findings. These formal oral presentations include a wide range of talks covering basic research to advanced research findings in accordance to the theme and scientific sessions of the conference.

## STUDENT FORUM

### POSTER SESSION

This session is particularly introduced to encourage more number of student participation at international conferences, however it is not restricted only to students since it is also available for the participants with language barrier. There are specific guidelines to be followed to prepare the poster. Poster topic should be selected only from relevant scientific sessions with in-depth technical details.

### YOUNG INVESTIGATORS FORUM

An exclusive opportunity for students and young investigators to present their research work through a formal oral presentation. Young Investigators Forum provides a global platform for young researchers and scholars to showcase their valuable contribution to the scientific world and to get acknowledged by the global scientific community of experts. It is an excellent opportunity to recognize young scientific assets with promising research ideas. These oral presentations are of shorter time duration with 10-15 minutes of informative and precise presentations in relevant scientific sessions.

## EDUCATIONAL WORKSHOPS/ RESEARCH WORKSHOPS/CORPORATE WORKSHOPS/MINI- SYMPOSIA

With an aim of transferring knowledge among the participants, workshops are introduced as a part of international conferences. These interactive and occasionally practical sessions gives an opportunity for participants to engage in detail discussion. Workshops are mostly scheduled for 60 to 90-minutes. It may range from learning about a specific topic relevant to international education, products and research which sometimes involves practical demonstration. It helps in enhancing skills, knowledge and understanding of the research field in depth through interactive discussions.

## HIGHLIGHTS OF THE DAY SESSIONS

“Highlights of the Day Sessions” is introduced to discuss and focus a ray upon previous day ORAL ABSTRACT presentations by experts to summarise the key findings. It helps in getting better insights into the various dimensions of the topic.

## EDUCATIONAL SESSIONS/ TRAINING PROGRAMS

Educational Sessions or training programs are specifically designed for a better understanding of the latest findings and technologies. These are generally 45-minute sessions that gives an exposure to the multidisciplinary field, that provides in-depth learning experiences and address educational needs.

## MEET THE PROFESSOR @ NETWORKING SESSIONS

This session involves open discussion between the experts and session attendees, it gives enough time for getting answers to specific questions and doubts. It is an opportunity for attendees to increase their professional networking, sometimes also leads to an excellent collaboration opportunity.

## SCIENTIFIC TRACKS/ SESSIONS

Clinical Pediatrics | Child Abuse Pediatrics | Child Trauma and Pain | Adolescent Medicine | Clinical Neonatology | Neonatal Nursing and Care | Pediatric Infectious Diseases | Pediatric Allergy and Immunology | Pediatric Dermatology | Pediatric Dentistry | Pediatric Critical Care | Pediatric Endocrinology | Pediatric Gastroenterology | Pediatric Gynaecology | Pediatric Hematology | Pediatric Nephrology | Pediatric Neurology | Pediatric Nursing | Pediatric Nutrition and Obesity | Pediatric Oncology | Pediatric Ophthalmology | Pediatric Pulmonology | Pediatric Radiology | Pediatric Rheumatology | Pediatric Surgery | Pediatric Urology | Pediatric Otolaryngology | Pediatric Primary Care

# Concurrent Educational Sessions

TUESDAY, SEPTEMBER 15, 2020

## PEDIATRIC INFECTIOUS DISEASES

- General illness -fever
- Respiratory infections
- Bone and joint infections
- Bacterial, fungal & viral infections
- Tuberculosis (TB)
- Congenital and neonatal infections
- Parasitic diseases
- Hepatitis

## PEDIATRIC DERMATOLOGY

- Bacterial skin infections
- Cutaneous hypersensitivity reactions
- Genetic skin diseases
- Infantile hemangiomas
- Vascular malformations
- Newborn skin diseases
- Cutaneous fungal infections

## PEDIATRIC ALLERGY & IMMUNOLOGY

- Asthma
- Hay fever (allergic rhinitis)
- Sinusitis
- Eczema (atopic dermatitis)
- Hives (urticaria, welts)
- Angioedema
- General immune disorders
- Food allergy
- Allergic and non-allergic rhinitis

## PEDIATRIC OTOLARYNGOLOGY

- Aerodigestive & airway reconstruction
- Pediatrics thyroid
- Cochlear implantation
- Microtia / ear canal atresia
- Cleft and craniofacial
- Sleep disorders
- Vascular anomalies
- Velopharyngeal insufficiency
- Vocal cord dysfunction
- Voice and swallowing

## GROUP PHOTO

## COFFEE BREAK

## PEDIATRIC GASTROENTEROLOGY

- Aerodigestive problems
- Feeding disorders
- Celiac disease
- Eosinophilic esophagitis (EoE)
- Gastroesophageal reflux disease
- Pediatric Inflammatory Bowel Diseases
- Liver metabolic & congenital dysfunctions
- General gastro-intestinal problems

## PEDIATRIC OBESITY & NUTRITION

- Type 2 diabetes
- Metabolic syndrome
- High cholesterol and high blood pressure
- Asthma with overweight
- Sleep disorders
- Nonalcoholic fatty liver disease (NAFLD)
- Social & emotional complications
- Behavior & learning problems
- Depression

## PEDIATRIC ANAESTHESIOLOGY

- Advanced pediatric anaesthesiology
- Pediatric Perioperative Cardiac Arrest Registry (POCA)
- Laryngospasm
- Postoperative apnea
- Obstructive sleep apnea syndrome
- Pediatric pharmacokinetic factors
- Perioperative Care in Pediatrics
- Pediatric Anesthesia Equipment and Drugs

## DEVELOPMENTAL PEDIATRICS

- Attention deficit/hyperactivity disorder (ADHD)
- Aggression and discipline issues
- Autism spectrum disorder
- Developmental delays and disabilities
- Intellectual disability
- Learning and school issues
- Mood disorders
- Regulatory disorders in eating, feeding & sleeping
